Vehicle maintenance.

Under the new world order, Japan's international business activity is being organised through tight networks that link banks, industrial corporations and trading companies and that are displacing onto Asia their main domestic problems. Since the US and Europe are refusing to fulfil that function, Japan is forming a new three-zone strategy in which production, marketing and finance are tightly coordinated within each zone but in which there is also an overall shift away from North America and Europe towards Asia.

Presents industry reviews including a section of "trends and forecasts," complete with tables and graphs for industry analysis.
