"Classified by subject-- from 'Big Heads' through 'Nudists' to 'Squelches'-- this tongue-in-cheeck reference romp is guaranteed to put the right retort in the right head at the right time." --(Dr. Frederick Shroyer, Los Angeles Herald-Examiner) "When I am not rolling on the floor I am asking myself where Safian found all those insults to compile." --(Wes Lawrence, Cleveland Plain Dealer) "Ought to come in handy, sooner or later, for anybody." --(Chicago Daily News) "Too many bright sayings occur to us the day after they've needed. With this book you'll be fortified with a whole arsenal of remarks, ranging from mild to caustic, depending upon the need, to use in disposing of bores or squelching the quarrelsome and pompous." --(Sioux Falls Argus-Leader) "Here is an amazing anthology of insults and near-insults that should delight the heart of any sales manager who'd like to communicate with his salesman more forcefully-- or add zest to his speeches." --(The Sales Executive) "The most intriguing book of the year." --(Art Goodwin, WHEN-TV) "My girls have trouble remembering one jot of their homework. I'll bet they can recite that book from cover to cover." --(Jim Bishop, King Features Syndicate) "Just what the doctor ordered. Memorize enough of these and you can be the wit of the party." (John Barkham, Saturday Review Syndicate)

A lively collection of sharp retorts and ripostes,pithy pot, ricocheting bombast - caustic quips,and polite, and the definitely unpolite, sort of,put downs. This book can either be read for the,sheer fiendish fun of it, or it can be put to work,as a sourcebook for anybody - speakers,entertainers, managers, writers - who wishes to,communicate a little more forcefully. Carefully,categorised according to targets, this book can be,used time and time again to deflate egotists,dispose of bores and demolish dummies.

Insults are part of the fabric of daily life. But why do we insult each other? Why do insults cause us such pain? Can we do anything to prevent or lessen this pain? Most importantly, how can we overcome our inclination to insult others? In A Slap in the Face, William Irvine undertakes a wide-ranging investigation of insults, their history, the role they play in social relationships, and the science behind them. He examines not just memorable zingers, such as Elizabeth Bowen's description of Aldous Huxley as "The stupid person's idea of a clever person," but subtle insults as well, such as when someone insults us by reporting the insulting things others have said about us: "I never read bad reviews about myself," wrote entertainer Oscar Levant, "because my best friends invariably tell me about them." Irvine also considers the role insults play in our society: they can be used to cement relations, as when a woman playfully teases her husband, or to enforce a social hierarchy, as when a boss publicly berates an employee. He goes on to investigate the many ways society has tried to deal with insults-by adopting codes of politeness, for example, and outlawing hate speech-but concludes that the best way to deal with insults is to immunize ourselves against them: We need to transform ourselves in the manner recommended by Stoic philosophers. We should, more precisely, become insult pacifists, trying hard not to insult others and laughing off their attempts to insult us. A rousing follow-up to A Guide to the Good Life, A Slap in the Face will interest anyone who's ever delivered an insult or felt the sting of one--in other words, everyone.

Why are things funny? How has humor changed over the centuries? How can humor be a political force? Featuring expert authors from across the globe, The Languages of Humor discusses three main types of humour: verbal, visual, and physical. Despite the differences between them, all have a common purpose, showing us in different ways the reality that we live in, and how we can reflect on that reality. To this end, the book shows how humor has been used to address such topics as the Holocaust and the Soviet Union, and why it has been controversial in cases including Charlie Hebdo. The Languages of Humor explores a subject that is of interest in a wide range of intellectual disciplines including sociology, psychology, communication, philosophy, history, social sciences, linguistics, computer science, literature, theatre, education, and cultural studies. This volume features contributions from world-leading academics, some of who have professional backgrounds in this field. This unique research-led book, which includes over 20 illustrations, offers a top-down analysis of humor studies.
