New car and minivan rating guide.

Features recommendations and ratings on hundreds of small, medium, and large-sized cars based on quality, economy, performance, and comfort standards, with judgments on crash protection, and assessments of available options

Now in its second edition, the little book of smart is newly updated, with extra pages and more illustrations to expand the story of the world's most innovative car brand. It's a fascinating tale, told succinctly and in an entertaining style, complemented by full-color photography throughout. And as the most up-to-date smart book on today's scene.

A Web portal is a special web site designed to act as a gateway giving convenient access to other related sites. This book investigates the various types of portals and describes how they can be used in business applications. After considering the nature of portals, the book describes the first general portals like Yahoo, and how they came into being. Portals are used in businesses of all types and sizes and this book discusses how portals can be used in large business corporations as well as small to medium enterprises. Web portals have increasing importance to marketers as, by their nature, they retain their users who must return to them frequently. They also provide a useful means of making information and knowledge readily available in a convenient form to authorised users. This book covers a wide range of issues relating to the use of portals in business.

This is the fascinating story of how the Citroen SM came into being, with company politics and Maserati's involvement covered in detail. The text and pictures then follow the car's progress from its world premier at the 1970 Geneva Show until the final production models were built in July 1975. With 200 mainly color photos, full coverage of production models and a buyers guide this book is the complete Citroen SM resource.

This book – the sixth volume in a set covering the Porsche 911 models – is the definitive history of the hugely successful 997-series, with in-depth detail on all the road cars sold around the world, as well as the 997's competition exploits.

This book covers the entire history, life and times of the famous British high-performance engineering company, from its 1958 foundation by Mike Costin and Keith Duckworth, through its often-exciting and always fascinating evolution, to its expansion and worldwide success in both motorsport and high-performance road car production.
