Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than forty-five years, pulls no punches.

Traces the development of the 1996 Ford Taurus, and describes the interactions between designers, engineers, marketers, accountants, and manufacturing staff

Offers advice for prospective buyers of cars and trucks, reveals information on secret warranties and confidential service bulletins, and tells how to complain and get results.

COLLISION REPAIR AND REFINISHING: A FOUNDATION COURSE FOR TECHNICIANS, 2E covers all the major areas of collision repair and refinishing as outlined by NATEF. In-depth coverage includes structural and non-structural analysis and damage repair, welding, painting and refinishing, paint chemistry, sacrificial coatings for corrosion resistance, mechanical & electrical systems, and more. The logical progression of topics and easy-to-understand writing style are perfect for students with little or no prior exposure to collision repair. Paramedic Jamie Llewelyn moves to Ellery to start a new life away from the City. Attached to the hospital and working for his friend Liam Wolfe he's happy—even if he has to keep coming up with excuses to miss the Friday meet ups. He had peace and he could finally make a difference in a community that needed him. When he and Max rescue John Doe from a crashed car balanced on the edge of a ravine Jamie didn't know but his life would never be the same again. John opens his startlingly violet eyes and suddenly Jamie is falling hard. If only John didn't have a gun and could remember why he'd shot the passenger in the car. Then maybe passion could change into something else. Love.
