50 Clic Gothic Works You

Science fiction, comic book, fantasy, and video game news. Halloween queen opens up in memoir about alter ego Elvira, troubling encounters with Wilt Chamberlain and Tom Jones, and the relationship ...

A guide to Microsoft Office provides instructions on using Word, Excel, PowerPoint, Outlook, Access, and Publisher.

Microsoft Office Excel 2003 provides powerful new tools with which to create, analyze, and share spreadsheet information. Excel 2003 takes advantage of the latest technologies such as XML and Microsoft SharePoint to extend desktop productivity and workspace collaboration over an intranet or the Internet. This book covers these changes, as well as smart tags, which are far more flexible in Excel 2003, and several statistical functions that have been improved to make data analysis easier. Show Me's visual format highlights these usability features for new or upgrading users, especially those upgrading from Office 97 or Office 2000. Though Excel 2003 has the fewest changes of all the Office applications, new and upgrading users will need a resource to quickly get them working with the software. This book's succinct yet complete coverage does just that! Additional features of this book include a "Troubleshooting Guide" to help solve common problems and a "Project Guide" with a listing of real-world projects by feature, as well as a "MOS Exam Guide" with a complete listing of MOS objectives and page numbers to locate the objectives. This

feature gives the series a definite advantage over competing visual titles.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero.Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream.His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Part of the highly successful Shelly Cashman Series, this text offers a clear step-by-step, screen-by-screen approach to learning Microsoft Works 2000. Ten projects provide coverage of introductory and advanced skills.

If you're a true fan of horror fiction, don't miss scholar Edith Birkhead's classic survey of the origins of the genre, The Tale of Terror. Focusing on the early roots of horror in the Romantic and Victorian eras, this comprehensive study offers compelling insight and analysis of well-known tales and obscure gems alike.

"Turn photos of life's most important moments into timeless keepsakes"--P. [4] of cover.

With the perfect combination of horror and kawaii, you'll be on your way to making monstrous masterpieces in no time. If you're ready for some spooky fun and entertainment, then scroll up and click the "Add to Cart" button right now.

This book explores the history of the paranormal romance genre; from its origins in the revisionist horror fiction of the 1970s, via its emergence as a minor sub-genre of romantic fiction in the early 1990s, to its contemporary expansion in recent years into an often-controversial genre of mainstream fiction. Tracing the genre from its roots in older Gothic fiction written by and for women, it explores the interconnected histories of Gothic and romantic fiction, from Ann Radcliffe and Jane Austen in the eighteenth century to Buffy, Twilight, True Blood and The Vampire Diaries in the present day. In doing so, it investigates the extent to which the post-Twilight paranormal romance really does represent a break from older traditions of Gothic fiction – and just what it is about the genre that has made it so extraordinarily divisive, captivating millions of readers whilst simultaneously infuriating and repelling so many others.
