We bought our Electrolux 7kg frontloading washing machine EWF14742 5½ years ago on 20 December 2013. It was priced at \$989 but we bought it on sale for \$678. It only had a two year warranty. We originally bought this machine because the company's vacuum cleaners had a good reputation so we thought we'd try the washing machines.

key people who formulated the concept of the Circular Economy, is the perfect introduction for anyone wanting to quickly get up to speed with this vitally important topic for ensuring sustainable development. It sets out a new framework that refines the concept of a Circular Economy and how it can be applied at industrial levels. This concise book presents the key themes for busy managers and policymakers and some of the newest thinking on the topic of the Circular Economy from one of the leading thinkers in the field. Practical examples and case studies with real-life data are used to elucidate the ideas presented within the book.

Rushmore is the second work from the team of Wes Anderson and Owen Wilson following the success of their debut screenplay and film *Bottle Rocket*. It is a refreshingly offbeat comedy about young Max Fish, a precocious pupil at a conservative private school. He is a live wire, a teenager full of madcap entrepreneurial schemes that usually in failure. His personal life becomes similarly complicated when he falls for his elegant teacher, Rosemary Cross, and finds himself vying for her favor with Herman Blume—who is portrayed in the film by Bill Murray—the wealthy father of two of his classmates. Max ultimately proves himself a figure of some tenacity as he negotiates the minefield of love, desire, and adolescence. At the Toronto Film Festival, Screen International called *Rushmore* "a real charmer filled with surprise twists and emotions that avoid sentimentality . . . A little gem."
