A cynic 's guide to the Singapore summit . Emil Gjørvad, 2 years ago 3 min read . Deals, Donald Trump firmly believes, are never win-win. They are zero-sum, with a winner (always Trump), and a loser (usually Europeans). But after re-emerging from his historic meeting ...

Rising prize-winning comedian DiGiorgio gives advice on how to be more self-centred, cynical and, most importantly, how to have a good time. Some suggest that this black cloud of wisdom is, in fact, the Anti-Christ in paperback. But there comes a time when children need tripping, dolphins need flogging and, by gum, old people need a-murderin'. Everyone needs DiGiorgio's life guidance for a brighter and more bitter tomorrow.

Guaranteed to perk up even the most cynical spirit, HOW TO BE HAPPY, DAMMIT is the first and only self-help book that merges psychology, biology, eastern and western philosophies, quantum physics, and the Zen of Bazooka Joe. Think love and happiness have passed you by? Think no schmaltzy book can help you capture the life-joy you're looking for? This book is different, promises author Karen Salmansohn. Peek within its colorful, uniquely designed pages, and you really will find pearls of wisdom to help you discover more satisfaction every day. And you'll find no saccharine sweetness here. This book tells it like it is, exploring the ups and downs of life in a straightforward, thought-provoking, and humorous way. HOW TO BE HAPPY, DAMMIT is the self-help book for people who don't buy self-help books. It may not change your life (unless you let it), but it will certainly brighten your day, even if you are a die-hard cynic. • Includes 44 life lessons that will save you years of time, effort, and navel-gazing. • Inspiring, fanciful graphics and illustrations throughout. • Karen Salmansohn's book How to Make Your Man Behave in 21 Days or Less Using the Secrets of Professional Dog Trainers has sold over 450,000 copies.

A short history of cynicism, from the fearless speech of the ancient Greeks to the jaded negativity of the present. Everyone's a cynic, yet few will admit it. Today's cynics excuse themselves half-heartedly— " I hate to be a cynic, but..."—before making their pronouncements. Narrowly opportunistic, always on the take, contemporary cynicism has nothing positive to contribute. The Cynicism of the ancient Greeks, however, was very different. This Cynicism was a marginal philosophy practiced by a small band of eccentrics. Bold and shameless, it was committed to transforming the values on which civilization depends. In this volume of the MIT Press Essential Knowledge series, Ansgar Allen charts the long history of cynicism, from the " fearless speech " of Greek Cynics in the fourth century BCE to the contemporary cynic's lack of social and political convictions. Allen describes ancient Cynicism as an improvised philosophy and a way of life disposed to scandalize contemporaries, subjecting their cultural commitments to derision. He chronicles the subsequent " purification " of Cynicism by the Stoics; Renaissance and Enlightenment appropriations of Cynicism, drawing on the writings of Shakespeare, Rabelais, Rousseau, de Sade, and others; and the transition from Cynicism (the philosophy) to cynicism (the modern attitude), exploring contemporary cynicism from the perspectives of its leftist, liberal, and conservative critics. Finally, he considers the possibility of a radical cynicism that admits and affirms the danger it poses to contemporary society.

'Poverty does not consist in the want of money,' I answered, 'nor is begging to be deplored. Poverty consists in the desire to have everything, and through violent means if necessary' From their founding in the fifth century BC and for over 800 years, the Cynic philosophers sought to cure humanity of greed and vice with their proposal of living simply. They guaranteed happiness to their adherents through freedom of speech, poverty, self-sufficiency and physical hardiness. In this fascinating and completely new collection of Cynic writing through the centuries, from Diogenes and Hipparchia, to Lucian and the Roman emperor Julian, the history and experiences of the Cynic philosophers are explored to the full. Robert Dobbin's introduction examines the public image of the Cynics through the ages, as well as the philosophy's contradictions and how their views on women were centuries ahead of their time. This edition also includes notes on the text, chronology, glossary and suggested further reading. Translated, edited and with an introduction by Robert Dobbin

Once regarded as a minor Socratic school, Cynicism is now admired as one of the more creative and influential philosophical movements in antiquity. First arising in the city-states of late classical Greece, Cynicism thrived through the Hellenistic and Roman periods, until the triumph of Christianity and the very end of pagan antiquity. In every age down to the present, its ideals of radical simplicity and freedom have alternately inspired and disturbed onlookers. This book offers a survey of Cynicism, its varied representatives and ideas, and the many contexts in which it operated. William Desmond introduces important ancient Cynics and their times, from Diogenes 'the Dog' in the fourth century BC to Sallustius in the fifth century AD. He details the Cynics' rejection of various traditional customs and the rebellious life-style for which they are notorious. The central chapters locate major Cynic themes (nature and the natural life, Fortune, self-sufficiency, cosmopolitanism) within the rich matrix of ideas debated by the ancient schools. The final chapter reviews some moments in the diverse legacy of Cynicism, from Jesus to Nietzsche.

From the bestselling author of "How to Be Happy, Dammit" comes this new work that guides cynics to finally getting what they want out of life by challenging

them to stop their self-sabotaging behavior and start making their dreams come true.

It has been said that if you scratch under the surface of a cynic you will find a wounded idealist. Healing of a Wounded Idealist provides an empathetic look at life as a Christian idealist, a sober view as to what wounds idealists and a practical guide for the Christian cynic back to faith.

A witty, insightful and semi-autobiographical guide book to retaining your cynicism while pursuing happiness.
