THE NATIONAL BESTSELLER "Transformative ... If Tobia aspires to the ranks of comic memoirists like David Sedaris and Mindy Kaling, Sissy succeeds." --The New York Times Book Review (A Paperback Row Pick) A heart-wrenching, eye-opening, and giggle-inducing memoir about what it's like to grow up not sure if you're (a) a boy, (b) a girl, (c) something in between, or (d) all of the above. "A beautiful book ... honest and funny."--Trevor Noah, The Daily Show "Sensational."--Tyler Oakley "Jacob Tobia is a force."--Good Morning America "A trans Nora Ephron. . . both honest and didactic." --OUT Magazine "A rallying cry for anyone who's ever felt like they don't belong." --Woman's Day As a young child in North Carolina, Jacob Tobia wasn't the wrong gender, they just had too much of the stuff. Barbies? Yes. Playing with bugs? Absolutely. Getting muddy? Please. Princess dresses? You betcha. Jacob wanted it all, but because they were "a boy," they were told they could only have the masculine half. Acting feminine labelled them "a sissy" and brought social isolation. It took Jacob years to discover that being "a sissy" isn't something to be ashamed of. It's a source of pride. Following Jacob through bullying and beauty contests, from Duke University to the United Nations to the podiums of the Methodist church--not to mention the parlors of the White House--this unforgettable memoir contains multitudes. A deeply personal story of trauma and healing, a powerful reflection on gender and self-acceptance, and a hilarious guidebook for wearing tacky clip-on earrings in today's world, Sissy guarantees you'll never think about gender--both other people's and your own--the same way again.

True incidents and memories from the viewpoint of the author, as a small girl in North Missouri, on a farm, along with her brothers and the influence her parents and grandparents played in their lives. All ages will enjoy reading the interactions of Budgie and Sissy as they struggle with decisions and lessons learned and react to each situation only as children can. The stories took place during the Depression and drought in the 1930s. The author is the only living member of her family mentioned in these pages and would not have had the courage to write these words as she remembers them, if they were here looking over her shoulder. She was very shy as a child and would have been embarrassed to have her family know her true feelings. This book expresses her love as a child for her family and the love she feels now as an adult when they are in her memories.

It seems that Judith, the landford everyone loves to hate, wants to raise the rent, despite being a quilter herself... And it ' s up to Beatrice ' s expert eye to decipher the pattern and catch the killer, before her life gets sewn up for good. Includes quilting tips!

As a quilter, retired folk art curator Beatrice Coleman likes to have all the seams stitched together—but her plans keep getting tangled up in unexpected ways... Beatrice has never crashed a party but now her fellow quilt guild member, Meadow Downey, is driving them to a Victorian mansion in the mountains beyond Dappled Hills, North Carolina. Muriel Starnes, an elderly eccentric, has organized a meeting of quilters to pick someone to administer a quilting scholarship. The fact that the Village Quilters weren ' t invited isn ' t enough to keep Meadow from speaking her piece. But once the quilters arrive at the mansion, it seems they may never leave. An ice storm sends an old tree crashing across the driveway, leaving them stranded for the night. And by the next morning, they are one fewer—for Muriel has been sent to meet her maker. With everyone in the house a suspect, it ' s up to Beatrice and the Village Quilters to figure out who has a guilty conscience before someone else gets tied up in knots. Includes Quilting Tips!

This study examines the ways in which technological changes initiated during the Victorian period have led to the diminution of speech as a mode of critique. Much in the same ways that speech had been used to affirm intersubjectivity, print culture conditioned readers to accept uni-directional exchange of values and interests. It enabled the creation of a community of readers who would be responsive to the expansion of a industry and the emergence of a technical language and culture, a culture that precedes and predicts post-modern society. The purpose of this study is to employ Charlotte Bronte's Shirley (1849), Charles Dickens's Hard Times (1854), and George Eliot's Felix Holt (1866) to evidence how the growth of capitalist production and the development of new technologies of industry within the early- to mid-Victorian periods inspired the prioritization of the printed word over oratory and speech as a means for fulfilling the linguistic power exchanges found common in spoken discourse. Inventions such as Friedrich Gottlob Koenig and Andreas Friedrich Bauer's high-speed printing press enabled mass production and low-cost readership among the working class, who experienced literacy on multiple levels: to educate themselves, to experience leisure and diversion, to confirm their religious beliefs, and to improve their labor skills. Much in the same ways that speech had been used to affirm intersubjectivity, print culture conditioned readers to accept uni-directional exchange of values and interests that would create a community of readers who would be responsive to the expansion of a new technical society and would eventually perform the routines of mechanized labor. This book employs Victorian novelists such as Charlotte Bronte, Charles Dickens, and George Eliot to address representations of speech in fictional discourse. Critics like Nancy Armstrong and Garrett Stewart have considered these representations without addressing the ways in which print culture engendered and valued new forms of speech, forms which might re-engage critique of the human condition. More recent publications like The Crowd: British Literature and Public Politics, by John Plotz, do not respond to the ways in which individuals use the collective voice of crowd formations to redefine and resituate their subjective identities. This book serves to fill this gap in Victorian studies. Victorian novels are not, of course, pure representations of Victorian reality. However, many working-class Victorians engaged texts as authentic representations of society. How working-class readers then reconstructed their personal narratives in actuality suggests the affects of social assimilation upon subjective identity and advances the claim that Victorian novels did not provide solutions to the social and economic maladies they reported. Rather, they contextualized social and cultural problems without recognizing the dangers of how the decontextualized imagination of the reader locates placement within the same ontological and epistemological assumptions. Technologies of Power in the Victorian Period is an informative study that will appeal to members of academic groups such as the British Women's Writer's Association and the North American Victorian Association. Although the book bears relevance to scholars and students of Victorian studies, it will also serve as a point of reference for curious readers engaged in studies of the effects of industrial technologies on language acquisition and dissemination during the nineteenth century."

Mississippi Sissy is the stunning memoir from Kevin Sessums, a celebrity journalist who grew up scaring other children, hiding terrible secrets, pretending to be Arlene Frances and running wild in the South. As he grew up in Forest, Mississippi, befriended by the family maid, Mattie May, he became a young man who turned the word "sissy" on its head, just as his mother taught him. In Jackson, he is befriended by Eudora Welty and journalist Frank Hains, but when Hains is brutally murdered in his antebellum mansion, Kevin's long road north towards celebrity begins. In his memoir, Kevin Sessums brings to life the pungent American south of the 1960s and the world of the strange little boy who grew there. "Kevin Sessums is some sort of cockeyed national treasure." —Michael Cunningham
