adds short lapidary verses to each in a unique attempt to understand the truth of war using mass media. Pictures of catastrophic bombings, propaganda portraits of leading Nazis, scenes of unbearable tragedy on the battlefield – all these images contribute to an anthology of horror, from which Brecht's perceptions are distilled in poems that are razor-sharp, angry and direct. The result is an outstanding literary memorial to World War Two and one of the most spontaneous, revealing and moving of Brecht's works.

The title is ironic - How to

make war, like, Oh, what a lovely war! A large format picture book containing over eighty photographs of the Second World War, each with a four line poem by Brecht written as the events unrolled. This is the first publication in English of a major work by Brecht.

War: A Primer for Christians provides a concise introduction to the main approaches that Christians have taken toward war and examines each approach critically. Some Christians have supported their country's wars as crusades

Read Book A War Primer

of good against evil. Others, as pacifists, have rejected participation in or support for any war. Still others have followed the just-war tradition in holding that it can be justifiable under some conditions to resort to war, but that then Christian love must limit the conduct of war. In an updated preface and new afterword, Allen explores aspects of current international relations that have a special bearing on the context of war. "Joseph Allen's War: A Primer for Christians is just that: a succinct, fair-minded, wonderfully reasoned, and accessible account of the

The Bush Administration answered the terror attacks of September 11, 2001 with what it called the "global war on terror," first with the assault on Afghanistan and then the invasion of Iraq. More and more Americans joined the opposition to the Iraq war, but for many, Afghanistan remained "the good war." But was the war on Afghanistan ever a "good war?" And will President Obama's planned escalation of US troop presence in Afghanistan work? In this easy-to-read volume of "frequently asked

Read Book A War Primer

questions," analysts David Wildman and Phyllis Bennis examine a wide range of key issues regarding the US war in Afghanistan.

The deepest and most varied of the Tang Dynasty poets, Tu Fu (Du Fu) is, in the words of David Hinton, the "first complete poetic sensibility in Chinese literature." Tu Fu merged the public and the private, often in the same poem, as his subjects ranged from the horrors of war to the delights of friendship, from closely observed landscapes to remembered dreams, from

Read Book A War Primer

the evocation of historical moments to a wry lament over his own thinning hair. Although Tu Fu has been translated often, and often brilliantly, David Hawkes's classic study, first published in 1967, is the only book that demonstrates in depth how his poems were written. Hawkes presents thirty-five poems in the original Chinese, with a pinyin transliteration, a character-by-character translation, and a commentary on the subject, the form, the historical background, and the individual lines. There is no other book quite like it for any language: a nuts-and-

Read Book A War Primer

bolts account of how Chinese poems in general, and specifically the poems of one of the world's greatest poets, are constructed. It's an irresistible challenge for readers to invent their own translations.

In today's world, our television screens are filled with scenes from countless conflicts across the globe -- commanding our attention and asking us to choose sides. In this insightful and wide-ranging book, Jim Hicks treats historical representation, and even history itself, as a text, asking questions such as Who is speaking?,

Read Book A War Primer

Who is the audience?, and What are the rules for this kind of talk? He argues that we must understand how war stories are told in order to arm ourselves against them. In a democracy, we are each responsible for policy decisions taken on our behalf. So it is imperative that we gain fluency in the diverse forms of representation (journalism, photography, fiction, memoir, comics, cinema) that bring war to us. Hicks explores the limitations of the sentimental tradition in war representation and asks how the work of artists and writers can help us to move beyond the constraints of

Read Book A War Primer

that tradition. Ranging from Walt Whitman's writings on the Civil War to the U.S. wars in Iraq and Afghanistan, and focusing on the innovative and creative artistic expressions arising out of the wars of the former Yugoslavia, Hicks examines how war has been perceived, described, and interpreted. He analyzes the limitations on knowledge caused by perspective and narrative position and looks closely at the distinct yet overlapping roles of victims, observers, and aggressors. In the end, he concludes, war stories today should be valued according to the extent they make it

Read Book A War Primer

impossible for us to see these positions as assigned in advance, and immutable.

A landmark literary event, *The Collected Poems of Bertolt Brecht* is the most extensive English translation of Brecht's poetry to date. Widely celebrated as the greatest German playwright of the twentieth century, Bertolt Brecht was also, as George Steiner observed, "that very rare phenomenon, a great poet, for whom poetry is an almost everyday visitation and drawing of breath." Hugely prolific, Brecht also wrote more than two thousand poems—though fewer than half

Read Book A War Primer

were published in his lifetime, and early translations were heavily censored. Now, award-winning translators David Constantine and Tom Kuhn have heroically translated more than 1,200 poems in the most comprehensive English collection of Brecht's poetry to date. Written between 1913 and 1956, these poems celebrate Brecht's unquenchable "love of life, the desire for better and more of it," and reflect the technical virtuosity of an artist driven by bitter and violent politics, as well as by the untrammelled forces of love and erotic desire. A monumental achievement and a
