From the mid-16th to the early 18th centuries the Mughal empire was the dominant power in the Indian subcontinent. Contrary to what is sometimes suggested, John Richards argues that this centralised state was dynamic and skillfully run. The studies here consider its links with the wider early modern world, and focus on three related aspects of its history. The first concerns the nature of imperial authority, in terms both of the dynastic ideology created by Akbar and his successors, and the extent to which this authority could be enforced in the countryside. The second aspect is that of fiscal and monetary policy and administration: how did the Mughals collect, track and expend their

vast revenues, and what effects did this have? Finally, the author asks why the system could not cope with the changes it had helped engender, and what were the weaknesses and pressures that led to the breakup of the empire in the first decades of the 18th century. De la moitié du 16e siècle au début du 18e, l'empire moghol était le pouvoir dominant du sous-continent indien. Contrairement à ce qui peut parfois être suggéré, John Richards soutient que cet état centralisé était dynamique et adroitement mené. Les études examinent ses liens avec le reste du monde moderne et se concentrent sur trois aspects de son histoire. Le premier concerne la nature de l'autorité impériale, en termes d'idéologie dynastique, telle

qu'elle avait été créée par Akbar et ses successeurs et du point jusqu'auquel cette autorité pouvait être imposée dans les milieux ruraux. Le second aspect est celui de l'administration et de la politique fiscale et monétaire: comment les Moghols faisaient-ils pour collecter, retrouver et dépenser leurs vastes revenus et quel était l'effet d'une telle politique? Enfin, l'auteur cherche à savoir pourquoi ce système n'arrivait pas à faire face aux changements qu'il avait contribué à engendrer et quelles avaient été

1555, when the last of the Surs, Sikandar Shah, was overthrown and Humayun, the Mughal emperor, re-established himself at Delhi. Unlike the other works on the subject, the Surs have been included under the purview of the work since the rule of the Surs was, technically, a ministration of the state. In fact, Sher Shah, the founder of the Sur dynasty, started anew the administrative machinery of the Sultanate. In this comprehensive study, the primary sources, the numismatic and epigraphic evidence and the relevant works on law, politics and statecraft have been fully utilized. In eleven chapters, details about the sovereign, the royal household, the ministers, finance, the army, justice and police, religious affairs, education and public
