Two greedy squirrels go on a wild pinecone chase in this hilarious follow-up to *The Lion Inside* and *The Koala Who Could!* "It's mine!" shouted Cyril. "No, mine!" hollered Bruce. "You don't stand a chance! Give up! It's no use!" "I'm HUNGRY!" cried Cyril. "This cone is NOT yours!" "Stay back!" shouted Bruce. "This cone's for MY stores!" Greedy squirrels Cyril and Bruce both have their sights on a very special prize: the last pinecone of the season. Uh-oh! The race is on! A laugh-out-loud tale about friendship and sharing by the bestselling duo behind *The Lion Inside* and *The Koala Who Could*, Rachel Bright and Jim Field!

Light. It's the most transformative tool at any photographer's disposal. Whether the lens is turned to people, wildlife, or landscape, the creative use of light is often the difference between a snapshot and a powerful photograph. In *Chasing the Light: Improving Your Photography with Available Light*, renowned photographer, writer, and educator Ibarionex Perello shares his unique insights for partnering with natural light to create evocative digital images. He brings his palpable passion and personal approach rooted in decades of experience, and reveals his honed techniques for controlling focus, exposure, white balance, and sharpness to create beautiful and impactful photographs. In an industry so obsessed with gear, this book bridges the gap between the technical and the creative and returns to a personal, inspirational narrative about perceiving and photographing light. This book will enlighten photographers of all levels about

- the elements of exposure, metering, and ISO
- light's impact on color and controlling color balance
- combining brightness, contrast, saturation, sharpness, and pattern enhancing portraits with available lighting
- direction and quality of sunlight and shooting in rural and urban landscapes
- the power of light in black and white

Expert photographer Rob Sheppard explains the details of Camera Raw, the steps for using it, the workflow process, and certain best practices that demonstrates how Camera Raw can empower the digital photographer. Encouraging you to use it as you see fit, he explores the enhancements in the newest generation and helps you deal with RAW's limitations, manage white balance and exposure, reduce noise (especially in night shots,) and learn to use camera settings that make the most of RAW capabilities.
