 In 2004, Agfa broke into the B2 thermal market at Drupa, launching the Acento, a platesetter incorporating features that made it ideal for smaller and mid-sized companies. It could handle chemistry-free plates and was aimed at printers wanting a cost-effective machine, says system sales manager at Agfa Graham Russell.

New chapters express ongoing concerns about freedom of expression, the role of the Havana Film Festival in restoring Havana's central position in Latin American cinema, & the changing audience for Cuban films.

This collective work identifies the latest developments in thefield of the automatic processing and analysis of digital colorimages. For researchers and students, it represents a critical state of heart on the scientific issues raised by the various stepsconstituting the chain of color image processing. It covers a wide range of topics related to computational colorimaging, including color filtering and segmentation, color texturecharacterization, color invariant for object recognition, color andmotion analysis, as well as color image and video indexing andretrieval. Contents 1. Color Representation and Processing in Polar Color Spaces.Jesús Angulo, Sébastien Lefèvre and OlivierLezoray. 2. Adaptive Median Color Filtering, FrédériqueRobert-Inacio and Eric Dinet. 3. Anisotropic Diffusion PDEs for Regularization of MultichannelImages: Formalisms and Applications, David Tschumperlé. 4. Linear Prediction in Spaces with Separate Achromatic andChromatic Information,Olivier Alata, Imtnan Qazi, Jean-ChristopheBurie and Christine Fernandez-Maloigne. 5. Region Segmentation, Alain Clément, Laurent Busin, OlivierLezoray and Ludovic Macaire. 6. Color Texture Attributes, Nicolas Vandenbroucke, Olivier Alata,Christèle Lecomte, Alice Porebski and Imtnan Qazi. 7. Photometric Color Invariants for Object Recognition, DamienMuselet. 8. Color Key Point Detectors and Local Color Descriptors, DamienMuselet and Xiaohu Song. 9. Motion Estimation in Color Image Sequences, Bertrand Augereauand Jenny Benois-Pineau.

Kate Howarth's extraordinary life continues in Settling Day, which follows on from Ten Hail Marys, Howarth's memoir that chronicled her volatile upbringing and the fight to save her son from the forced adoption practices of the time. Thrust out of her son's life while he is still a toddler, teenaged Kate has to rely on her wits and courage to start life anew. Filled with remorse and an unwavering determination to be reunited with her son, Kate begins a journey as she fights injustice and prejudice to create a better life. She amasses a fortune helping build one of Australia's most successful recruitment companies, only to lose it all in a contentious legal battle. Kate once again manages to rebuild her life after a major injury, but is always haunted by her lost son. Settling Day is a remarkable story of resilience that highlights the still prevalent injustices that many women face at work and at home.

Sunheri and Suhana-twin sisters who share a horrific childhood-get caught up in a vortex of pain and deceit when Sunheri, a popular item girl in Bollywood, is accused of murdering her vicious uncle and is sent to jail. Suhana, an aspiring filmmaker, is determined to seek justice for her sister but comes up against Kala, their stepmother, who has hatched diabolical plans of her own. And when three other manipulative item girls-Nargis, Digital Dolly and Daisy-are identified as key eyewitnesses in Sunheri's case, the matter only becomes more complicated. Throw into the mix an explosive rape-tape, a brutal blackmailer, a cruel boyfriend, a cynical journalist who knows too much, and a hard-boiled cop, and what you have is a mind-bending psychological thriller that will hold you hostage until the end. An intense, gripping account of the dark side of showbiz, there is never a dull moment in Item Girl.

Murder mystery, family saga, love story, and financial intrigue combine into one satisfyingly complex and entertainingly atmospheric novel, the first in Stieg Larsson's thrilling Millenium series featuring Lisbeth Salander. Harriet Vanger, a scion of one of Sweden's wealthiest families disappeared over forty years ago. All these years later, her aged uncle continues to seek the truth. He hires Mikael Blomkvist, a crusading journalist recently trapped by a libel conviction, to investigate. He is aided by the pierced and tattooed punk prodigy Lisbeth Salander. Together they tap into a vein of unfathomable iniquity and astonishing corruption.

Con los ojos abiertos es la historia del Nuevo Cine chileno y latinoamericano, narrada por uno de sus protagonistas. Un movimiento que generó una síntesis contingente entre cine y sociedad, y que asumió desde el arte una posición de avanzada en los procesos de transformaciones sociales que vivieron Chile y América Latina durante las décadas del sesenta y setenta. Los debates y las utopías de una generación de jóvenes cineastas que salieron a las calles a registrar la Historia y a cambiarla, siempre "con una cámara en la mano y una idea en la cabeza".
