"From kicking a ball as a kid under the street lamps of Poplar and standing on Highbury's North Bank with my dad, to my first game at West Ham, I was born head over heels in love with football. It saved me, and 50 years on that hasn't changed one bit--I'd be lost without it." Harry is the manager who has seen it all--from a dismal 1970s Portakabin at Oxford City and training pitches with trees in the middle to the unbeatable highs of the Premiership, lifting the FA Cup and taking on Real Madrid in the Champions League. With his much loved, no-nonsense delivery, Harry brings us a story filled with passion and humor that takes you right inside every drama of his career. Harry finally tells the full story of all the controversial ups and downs--the pain and heartache of his court case, the England job, his love for Bobby Moore, his adventures at Portsmouth with Milan Mandaric, the Southampton debacle, Tottenham and Daniel Levy, and not forgetting his years at West Ham or the challenges at his current club, QPR. It's the epic journey of one of the great managers and, along the way, the story of the British game itself over the last five decades. In an era now dominated by foreign coaches, Harry is the last of an old-fashioned breed of English football man--one who has managed to move with the times and always come out fighting.

THE SUNDAY TIMES BESTSELLER 'The beautiful game has taught me a lot, but I've had quite a life outside of football too. This book is full of my best stories - kickabouts with jumpers for goalposts with Bobby Moore, mine and Sandra's disastrous honeymoon to Torquay in a dodgy car and my funniest 'Mr Pastry' moments - as well as my thoughts on the important things in life. I'm finally sharing what I've learned on and off the pitch: from growing up poor in Poplar to the heights of the Premiership and even lying in a coffin with a load of rats on national television. It's everything I know about true team spirit, hard work, tough times, why family are so important and why everyone deserves respect no matter whether they're royal or sleeping rough - and, of course, the real joy of a jam roly-poly.'

This in-depth biography details Harry's life so far. From his childhood and his journey to fame on the X-Factor to releasing solo music and becoming fashion royalty, this book gets you closer to Harry than ever before. From the start of his career we follow the roller coaster of emotions as One Direction broke up, and we learn how Harry reinvented himself. Free from the shackles of being in a boyband he was able to be the rock star he had always dreamed of being and conquer the US by himself. Not content with being one of the world's biggest popstars, Harry has also cultivated a career as a film and television star, featuring in box-office hits like Dunkirk as well as presenting Saturday Night Live. He's also making a name for himself as fashion royalty - presenting the fashion event of the year, the Met Gala, with Serena Williams and Lady Gaga and regularly modelling for iconic brand Gucci. He has even partnered with the meditation app Calm to record a story designed to help listeners drift off. This is a book that gets you to the heart of a very modern pop star - a must read for all of Harry's fans.

The R-E-C-O-V-E-R approach to treating traumatic stress and combat PTSD from the perspectives of a psychiatrist and a psychotherapist

This is a cute, fun, and informative book about spiders. It is great for reading to younger children and enjoyable for older children to read on their own.

Sometime in the present, corporate tyranny reigns supreme. To stop this madness, what can one person do? What can anybody do? Impassioned environmental activist and nightclub saxophonist Michael Quinn, and his techie guru sidekick, Simon, the mischievous circus clown, believe they, and the ubiquitous Wasteful Management team, have the answer for one day... several multinational corporation chief executive officers (CEOs), infamously renowned for their egregious actions, are mysteriously disappearing across the globe. They are "removed" from society in ways that illustrate poetic justice, as exemplified by the CEO of big agribusiness Tyrannex Inc. who is trampled by a giant GMO tomato in a remote part of India. Michael and Simon realize their window of opportunity is narrow, as Harry Potter and Bilbo's nemeses pale in comparison to real life's Multinational CEO sociopaths, whom Michael and Simon must overcome to save the day and the planet! Jim Hightower says, "Wasteful Management is a refreshing combination of intrigue, humor, camp and serious politics, fusing the gravitas of a Noam Chomsky or a Bill Moyer with the edgy, stinging social commentary of a Jon Stewart or a Stephen Colbert, into a satirical mystery romp." Are you ready for the challenge? Bring your popcorn and come prepared to "boo, hiss" the villain and "cheer!" for the hero; sit back, and enjoy the ride!

Whether it's your daily dealings at work or a pervasive concern for your physical safety, the stress you regularly experience may actually be more harmful than the threat that triggered it. Not only can it lead to isolation and an erosion of happiness, stress can be biologically harmful, bringing about health issues, such as heart disease, high blood pressure, ulcers, and strokes. In short, successfully managing stress could be nothing less than a life-or-death situation. Now, professional biofeedback practitioner Harry L. Campbell presents "What Stress Can Do," his unprecedented guide to the importance of minimizing everyday stress in order to short-circuit its many serious side effects. What's more, his easy-to-implement recommendations enable you to do so without use of any drugs. Recent data on the prevalence of stress documents that as much as 90 percent of all doctors' office visits are related to stress. However, with the right skills and perspective, you can preempt the physical fallout from the tolls of daily life, and gain new mastery over your mind. The time is right to take a step back, breathe easy, and once and for all address all that ails you.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards
