Designed to assist students in developing the skills required of professionally certified outdoor power equipment technicians, this book features operation, troubleshooting and service information that can be used to maintain and repair commonly used outdoor equipment, including: lawnmowers and garden tractors, snow throwers, leaf blowers and string trimmers, chain saws, and more! Comprehensive in scope, Small Engines for Outdoor Power Equipment begins by acquainting students with shop safety, tools and basic service information. Following exposure to the big picture of small engine operation, students are then introduced to the specifics of the ignition system, fuel system, governor and throttle control system, lubrication system, cooling and exhaust system, manual starting system, and the electrical starting and charging system. Both two-stroke and four-stroke engines are covered in detail. Small Engines for Outdoor Power Equipment also features step-by-step photo sequences to illustrate service techniques and provides students with an opportunity to test their knowledge by conducting a failure analysis and successfully rebuilding a failed engine. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

How do cell phones work? What happens when you flush? How can an airplane fly? Through diagrams, step-by-step explanations, and plenty of humor, this series explains the workings of everyday gadgets, tools, and technologies. Each title also addresses the history of each invention and its social significance. How has this technology evolved? How is it changing our world? Young readers' worlds will expand when they find out How Things Work!

This work shows how the various elements of consumer analysis fit together in an integrated framework, called the Wheel of Consumer Analysis. Psychological, social and behavioural theories are shown as useful for understanding consumers and developing more effective marketing strategies. The aim is to enable students to develop skills in analyzing consumers from a marketing management perspective and in using this knowledge to develop and evaluate marketing strategies. The text identifies three groups of concepts - affect and cognition, behaviour and the environment - and shows how these they influence each other as well as marketing strategy. The focus of the text is managerial, with a distinctive emphasis on strategic issues and problems. Cases and questions are included in each chapter.

1927. Italië is in de greep van de fascistische dictator Mussolini. De broers Luca en Berio werken als trapezewerkers in een klein, rondreizend circus. Ze verloren hun moeder in de oorlog en wonen nu bij goochelaar Veronica. Dan komt de jonge fotografe Yuna in hun leven en verandert alles. Vanaf ca. 13 jaar.

Describes basic maintenance procedures and shows how to make repairs on the engine, fuel system, electrical system, transmission, suspension, steering, body, and brakes of all Ford cars and light trucks

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.
