About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht. We received 525 abstracts for the conference, divided in thematic poster sessions and platform presentations. Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences. During and after the conference about 250 papers were submitted for publication in the conference proceedings, leaving us little time for a post-conference depression. Despite the large number of papers, the editors have attempted to review and edit the papers as care fully as possible. Occasionally, however, correspondence exceeded reasonable deadlines, preventing careful editing of a small number of the papers. Although we felt that our editorial task was not quite finished, we nevertheless decided to include these papers. We thank the many authors for their enthusiastic and prompt response to - occasionally tedious - editorial suggestions and requests. We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education. The editors want to thank Jocelyn Flippo-Berger whose expertise with desk top publishing and perseverance was a great help.

Specially designed for undergraduate medical students, students preparing for postgraduate medical entrance tests and paramedical students of physiotherapy, occupational therapy, rehabilitation, prosthetics, orthotics and nursing, this book presents an updated and comprehensive exposition of the fundamentals of Orthopaedics, its diseases and their management.

"For nearly 44 years of ministry, Romans 8:19 has always intrigued my spiritual realm of thought. Just to think that all creation is groaning in travail for the manifestation of the Sons of God. Dr. Momah has clearly defined our purpose as born again heirs in the Kingdom of God. Reading this book will equip

every believer to execute God's will in the earth." Tommy Bates Senior Pastor Community Family Church Independence, Kentucky Get ready for a wake up call to awaken the slumbering Church that seems content to just pray and hope God gives it to her. Many in the church are more of pleaders than plunderers! The average modern day Christian feels threatened with a financial windfall or elevation in status unaware it is their inheritance not an earned right or an outlandish privilege. Jesus is coming for "...a glorious church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish," (Ephesians 5:27). The church cannot be that glorious bride until she shuns the helper toga and settles into being an heir of God.

No, Q was not a mere coincidence. Kajal felt a rapid pining for Q to see his work. He urgently needed her to. He was finally ready. Q..That night when I gave her the name, she had no voice or eyes or ears. She wasnt even an animal. She was just an object. A motif that defined a clan. Three individuals resolute minded Doctor, seemingly self-assured relationship-hopper Q and Kajal, an academic failure with growing-up ghosts are thrown into a tryst with circumstances, and layer by layer, they discover themselves more than they unravel each other. As fate leads Kajals life to intertwine with Qs in a way that both find their spaces in the world, Doctor is forced to face brutal realities of his own inadequacies, sending his life spiraling downward into darkness while still seeking the truth. Set in a palpable backdrop of northeast India and London, the non-linear narrative builds minor culminations while rippling to a climax that surprises and leaves a mixed after-taste. Separate Lives weaves the compelling tale of three everyday individuals as their distinct pasts, presents and futures collide, even as chance is the simultaneous protagonist and antagonist.
