superior force, it none
the less tries to turn
the energies which
act upon it into
means of its own
further existence. If it
cannot do so, it does
not just split into
smaller pieces (at
least in the higher
forms of life), but
loses its identity as a
living thing. As long
as it endures, it

Environment to
account is more than
compensated for by
the return it gets: it
grows. Understanding
the word "control" in
this sense, it may be
said that a living
being is one that
subjugates and
controls for its own
continued activity the
energies that would
otherwise use it up.
