"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

Welcome to the world of Ace Stubble, where the undead, the disembodied and the mythical bump up against the living in their day-to-day existence--and where a creature of the night ends up needing a good lawyer every now and then. DEAD MAN'S HANDZombies, werewolves, vampires, rival Bowie tribute bands, and conjoined twin mobsters...it's all in a day's work for Ace Stubble, a gritty lawyer whose clients are the undead and paranormal. good guy. It's not long before he's in deep trouble, and it's going to take more than smooth talk and quick wits if he wants to get out of this bind in one piece. UNFINISHED BUSINESS It's another open and shut case for Ace Stubble, lawyer for the undead and disembodied. At least that's what he thinks. When Cordelia Dearborn—a ghost with a shady past—hires Ace to rid her home of pesky, freeloading descendants, Ace figures he'll have no problem collecting his fee. But there's more to this case than a cranky old ghost and houseful of unwanted people. Everyone in the Dearborn family—the living, the dead, and the mentally ill—has a secret or two, and Ace can't avoid getting caught up in all of them. It doesn't help that Cordelia's beautiful granddaughter seems willing to do anything to keep from being evicted. It's all such a mess that no one—neither the living nor the dead—seems aware that there's bigger trouble brewing in the house. Ace Stubble has faced danger before, but is he ready for what's living in the basement of the Dearborn estate?
