Monkey Mike is reprimanded for making noise when he taps pencils and clangs trash cans until he sees a drum set in the music store and puts his hands-on talents to work in a most impressive way.

One little girl just doesn't want to be quiet, until she learns how much fun she can have without making a sound--especially in the library. I don't want to be quiet, I'd rather be LOUD! I want to be HEARD and stand out from the crowd! Sometimes it's hard to be quiet. There are drums to drum and hums to hum, drinks to slurp and burps to burp--so many loud and wonderful noises to make! So when this spunky little girl goes to the library, it's extra difficult to behave--until the entire room tells her to SHHHHHH. It's only then, as she discovers the wonders that live inside books, that she sees how much fun she can have in her own imagination--all without making a peep. In this bright and playful rhyming picture book filled with vibrant, cheerful illustrations, readers learn the joy that is possible when we really stop and listen. Praise for I Don't Want to Be Quiet: "Vivid, imaginative illustrations engage readers and viscerally convey the wide range of emotions felt by this audacious protagonist. Perfect for lively read-alouds!" --Kirkus Reviews

After her composer father's sudden death, Katie must deal with a new school, a strained relationship with her mother, and the mystery of the manuscript of the last composition her father wrote, on which the words seem to change on a daily basis.

With this, his first collection of stories, Raymond Carver breathed new life into the American short story. Carver shows us the humor and tragedy that dwell in the hearts of ordinary people; his stories are the classics of our time. "[Carver's stories] can ... be counted among the masterpieces of American Literature." --The New York Times Book Review "One of the great short story writers of our time--of any time." --The Philadelphia Inquirer "The whole collection is a knock out. Few wriers can match Raymond Carver's entwining style and language." --The Dallas Morning News

What do you and your wife know about your son's condition? Dr. Davis asked. 'Very little,' I said. 'However, we've been told not to worry too much about it.' Dr. Davis looked at me a second or two before commenting further. This was a definite clue to brace myself for what would follow. 'Your son was born with Spina Bifida.' There was a noticeable concern in his voice. 'What is Spina Bifida?' I asked. This is a real life story about a young man, David, born with Spina Bifida with multiple congenial birth defects. After David's birth, his parents were strongly urged to place him in an institution since his future, according to medical history of these types of births prior to 1970, would be dim. His parents were warned he most likely would be severely retarded and non-functional. They were told by a prominent pediatrician to expect nothing and appreciate anything. Through infancy until the day of his death, David's faith and love for God grew stronger each year. His drive and his belief in God's healing grace brought him much comfort and a desire to help and serve others. This young man touched a whole community, a whole region. David's father, Sheldon Larmore, never thought of writing a book. However, after his son's death many people in the community encouraged him to put the story of David's life in writing. It wasn't until he received several gentle nudges from God to do so that he realized the need to complete this book. David's life has served as an inspiration for his family and friends—it will do the same for you. You will find encouragement, strength, and renewed faith in Be Quiet and Listen.

One of the greatest thinkers of the 20th century describes a series of his encounters around the world with a wide variety of spiritual seekers. Their questions and his answers explore the nature of the lived experience, the details of profound self-inquiry and how to live a fulfilled life. These 60 chapters, with titles like "Solitude Means Freedom", "All Seeking is from Emptiness and Fear", and "Life is an Extraordinarily Beautiful Movement", carry the essence of Krishnamurti's teaching style and profoundest wisdom. Each one reflects an encounter K had at different times during the sixties and seventies. It opens with a poetic account of the location where the encounter took place, plus occasionally a description of the seeker that K has met. The chapter then moves back and forth between the seeker and the teacher, giving the reader plenty to reflect upon. This is previously unpublished material. Readers will be captivated by the luminous prose and the piercing insight. The style is enigmatic and poetical but each chapter contains more than enough for the reader to consider, perhaps as a daily practice. In the style of Paulo Coelho they have the quality of fables, but the teaching is far more profound and challenging.

"The mayor of the noisy city of La Paz institutes new laws forbidding all singing, but a brave little rooster decides he must sing, despite the progressively severe punishments he receives for continuing to crow. The silenced populace, invigorated by the rooster's bravery, ousts the tyrannical mayor and returns their city to its free and clamorous state"--
