The truth is billionaires are a pretty diverse set of people. No one is going to confuse Bill Gates or Kylie Jenner with Aliko Dangote or Zhong Huijuan. Most people haven ' t heard of the names of 90% of billionaires and we read about the same famous names over and over.

John Davison Rockefeller, the black gold magnate, was the first billionaire of his time and was known for his self-image and innovative organizational tactics. He built his industrial and business empire using disciplined strategies that were ahead of his time and still work today. More than half a century after his death, the methods and strategies he used to build his gigantic financial empire and rise to the head of one of the largest fortunes in human history estimated at \$340 billion according to Historia Magazine continue to fascinate thousands of successful businessmen and women of our time, including Bill Gates, Warren Buffet, Carlos Slim, Aliko Dangote, Oprah Winfrey, Isabel dos Santos and many others. His remarkable success in business also continues to inspire numerous programs and books describing the principles of business success. In this groundbreaking and new book, John D. Rockefeller plunges us into the heart of the "Ten Commandments of Business Success". For a long time hidden by the elite class, he takes us on a journey into the secret universe of money, wealth, happiness and glory through his mythical and triumphal journey. By understanding the methods and techniques that he used to mark the economic and financial footprints of his global supremacy, and by applying them meticulously, you will be able to lay the foundations of your financial empire. Only a good dose of perseverance, hard work, faith, and obsession will be enough to lead you inevitably to the destination of the journey to success.

A detailed self-improvement book presented in four parts with the third and fourth awaiting publication that takes a reader step-by-step how to achieve great success, written by a celebrated authority on personal development. While there are many self-help books that promise the world, there are very few that answer the age-long question of how to achieve great success. Arise from Grass to Greatness: Parts One and Two fill the gap by showcasing the step-by-step principles of how to move from poverty to prosperity in an organized whole. Written by one of the world ' s top authorities on personal development, these parts are unique because the greatness blueprint they unveil is applicable to individuals, organizations and nations. The success formula answers all questions and it can be applied to every aspect of life encompassing career, education, family, marriage, business, finances, health, religion and relationship. In fourteen chronological steps, the first five covered by Parts One and Two, the four parts take the reader through practical universal principles that people can use to discover their selves, make the most of their innate endowments, and achieve the greatest possible. Think of Bill Gates and the personal computer (PC), Thomas Edison and incandescent light bulb, the Wright brothers, Orville and Wilbur, and the airplane. Remember the G8 nations and the Fortune Global 500 companies amongst others. The majority of people are unsuccessful today, not because they are unlucky, but because they never discovered this principle – or if they did, they used it rather haphazardly or in bits and pieces. Learn how to harness your success and achieve the unachievable today. The following two parts will be published soon.

John Davison Rockefeller, the black gold magnate, was the first billionaire of his time and was known for his self-image and innovative organizational tactics. He built his industrial and business empire using disciplined strategies that were ahead of his time and still work today. More than half a century after his death, the methods and strategies he used to build his gigantic financial empire and rise to the head of one of the largest fortunes in human history estimated at \$340 billion according to Historia Magazine continue to fascinate thousands of successful businessmen and women of our time, including Bill Gates, Warren Buffet, Carlos Slim, Aliko Dangote, Oprah Winfrey, Isabel dos Santos and many others. DISCOVER YOURSELF is a captivating book by a man who had every raw material to manufacture excuses and give up on life. Having challenged his challenges, the author indirectly relives his challenges and shares how he conquered them. The book vividly gives you practical and proven strategies on how to conquer yourself and achieve success in all areas of your life. Discover Yourself helps the reader make practical sense of the seeming conundrum called life. The reader immediately finds answers to these questions: Why? Why Not? Why Not Me? Why Not Now? The principles enunciated in this book are novel, yet timeless, and fundamental. The principles turn your ideas into results, your end of the road to a bend in the road, and your obvious disadvantage to advancement. It turns the reader from a chameleon taking colour from the environment to a painter putting colour in the environment. This book teaches that life is a wrapped gift. It also shows the reader how to unwrap the gift successfully.

The revolutionary new book Alhaji Aliko Dangote reveals the answer to all questions about money, wealth, and success, which he can attribute to throughout his legendary career. You will discover the principles, methods and fundamental strategies he used to achieve prosperity and the achievement of his dream. In these pages, you will go to the exciting and wonderful discovery of the 21 Secrets that led to the building of his huge business empire valued at 25 billion dollars by Forbes magazine in its recent ranking in March 2014. Achille Wealth PhD, whose real name is Achille FOTSO Rostand, was born November 16, 1985 in the province of West Cameroon. He graduated in Quality Management of Higher Institute of Management. It is a rather unusual path but he defined himself as the messenger of the gospel of success and wealth. Indeed, at only 11 years old, he already obtained his inaugural. On his 16th birthday, his dad gave him the book How to Make Friends by Dale Carnegie. He started at a young age. It was then that he began to pay close attention to the principles governing human relationships, and especially figure out why some people succeed while others fail. This is common in his country. He also read the biography of billionaire Victor Fotsos. After doing so, that was when he perceived wealth in his mind. In his thirst for more, he ended up referencing their works in his. These are Napoleon Hill (Think and Grow Rich), Deepak Chopra, Brian Tracy, Robert Kiyosaki, Anthony Robbins, David Schwartz (Magic to Think Big), Jim Rohn, Jack Canfield, Rhonda Byrne, Joseph Murphy, Stephen Covey, T Hav Ecker, Bob Proctor and more. This connection allowed him to understand that wealth or success is beyond any foundation and the principle of imagination, and above all starts with creative visualization. Everything starts first in the mind through positive thoughts, in the words of Norman Vincent Peale, to manifest in the real world or Physics. So this is his journey to learn more about the principles that govern the success of the most remarkable in history such as Andrew Carnegie, Henry Ford, John D. Rockefeller, Bill Gates, Carlos Slim, Warren Buffet, Mack Zukerberg, and many others. It focuses on the wealth from 2008 and closely analyzes the laws and principles that propelled it. This is a take on how Alhaji Aliko Dangote from Nigeria became the richest Black businessman in the world.

This is just an extract from my life story which I have decided to share with you to commemorate the celebration of my 24th birthday on today the 18th of November, 2018. Am touch to inspire, encourage and motivate the youths with my story not because am the best writer or have the best story to share to the world but because I felt someone might pick an element from my story to build his/her life/career and will also not fall a victim to same mistakes I made. I have come a long way in life as far as I can remember my past. God has been so good to my family and me. Page BEYOND THE STORM ,the untold story 6

By combating malaria with mosquito nets or building schools and providing basic sanitation, philanthropy is helping transform the developing world. Rich donors are devoting fortunes—many of them earned through computer software, entertainment, and venture capitalism— to defeating poverty and improving lives, supplementing and in some cases surpassing official aid channels.From billionaires Bill and Melinda Gates and Warren Buffett to Aliko Dangote and George Soros, the titans of capitalism are backing good causes with their cash. Whether financing new vaccines, building libraries, or buying up Amazon rain forest to protect the environment, philanthropists are supporting innovations and new approaches that are changing lives and building dreams.This issue of F&D looks at the world of targeted giving and social entrepreneurship. " Philanthropy ' s role is to get things started. " says Microsoft co-founder Bill Gates, who is the world ' s most generous giver. " We used foundation funds to set up a system to make market forces work in favor of the poor. " He says that catalytic philanthropy can make a big difference. " Good ideas need evangelists. Forgotten communities need advocates. " Former U.S. President Bill Clinton tells us that networks of creative cooperation between government, business, and civil society can get things done better to solve the world ' s most pressing problems.Also in this issue, Prakash Loungani profiles superstar economist Jeffrey Sachs, who helped campaign for debt relief for developing economies and championed the Millennium Development Goals. We look at how, instead of spending commodity price windfalls on physical investments, which are often sources of corruption, governments of poor countries are sometimes well advised to hand some of the income over to their citizens. We examine moves by major central banks to ease our way out of the crisis enveloping advanced economies in our Data Spotlight column, and we hear about how China ' s growth inspires creativity in the West.
