generations Rose McGowan was
born in one cult and came of
age in another, more visible
cult: Hollywood. In a
strange world where she was
continually on display,

Download Free Brave

stardom soon became a personal nightmare of constant exposure and sexualization. Rose escaped into the world of her mind, something she had done as a child, and into high-profile relationships. Every detail

of her personal life became public, and the realities of an inherently sexist industry emerged with every script, role, public appearance, and magazine cover. The Hollywood machine packaged her as a sexualized
