Business: A Changing World is the fastest growing introduction to business text available today. Its success is due in large measure to the real-world, skill-building, decision-focused framework in a compact and timely format, as well as the authors' commitment to providing the content and teaching materials that instructors and students desire. Contemporary examples and boxed features help the fundamental concepts of business come alive for students. The authors provide an abundance of new real-world examples, cases, boxed features, and exercises to make the course interesting and exciting. Feedback from adopters and reviewers alike indicates that they have done an excellent job in providing a complete teaching package that engages and connects students to the realities of business. Authors O.C. Ferrell and Geoff Hirt emphasize the important issues and challenges facing business today, but they also believe that there must be a balance in coverage to avoid an over-emphasis of trendy topics. They believe that students must first learn some of the fundamental concepts that provide a foundation for understanding the world of business. trail-blazing tradition that made the 3rd edition so successful. In addition to Cybertrek icons throughout the text that lead the students directly to the wealth of information available on the online learning center, a new chapter on Information Technology and e-Business is a heralded feature of the new edition. And the new dot.comment boxes provide commentary on

internet-related business issues. All chapters in the new edition have been updated with the latest knowledge and best practices that are appropriate for coverage at the introductory to business level, including such important information as NBES, WTO, Mercosur, APEC, the future for small business, and 2000 census data.

The many recent high profile corporate scandals highlight the need for companies to do a better job of integrating ethics and responsibility into business decisions - and for business schools to integrate ethics awareness and training into their curricula. This volume sets the agenda for business ethics and corporate responsibility in the future. It brings together ideas, challenges, and proposed solutions for thinking about - and implementing - effective ethics programs in business schools and business organizations. Edited by two highly regarded business educators, and featuring contributions by leading scholars and administrators, **Business Ethics: New Challenges for Business Schools and Corporate Leaders** covers all dimensions of ethical decision making - individual, organizational, and societal. The thirteen original chapters offer new and emerging perspectives for creating ethical business leadership and developing organizational ethics initiatives.

The book is designed to help students, to prepare for real-world ethical dilemmas instead of focusing on intellectual reasoning or a philosophical discussion of ideas. It includes chapter on best practices, ethics audits, and disaster recovery planning helps increase students' awareness of cross-national ethical issues and develop their strategic skills for planning and working through disasters. The book incorporates nine new cases that reinforce the text's applied approach to ethics and cover a range of organizations and topics. I. An Overview of Business Ethics II. The Ethical Decision-Making Process III. Implementing Business Ethics in a Global Economy IV. 18 Cases, Appendices
