Foreword by John Boyega Just in time for the next blockbuster, Star Wars: The Last Jedi, this unique and beautifully designed compendium with removable features traces one of the franchise ' s most iconic characters—the stormtrooper—from initial development through all nine Star Wars movies to their many iterations in TV, comics, videogames, novels, and pop-culture. Star Wars: A New Hope, the very first installment in the beloved science-fiction series, introduced the Imperial stormtroopers—the army of the fearsome and tyrannical Galactic Empire. Charged with establishing Imperial authority and suppressing resistance, these terrifying, faceless, well-disciplined soldiers in white have become a universal symbol of oppression. Star Wars Stormtroopers explores these striking warriors and their evolution in depth for the first time. Ryder Windham and Adam Bray trace the roots of their creation and design, and explore how these elite troops from a galaxy far, far away have been depicted in movies, cartoons, comics, novels, and merchandizing. Filled with photographs, illustrations, story boards, and other artwork, this lavish officially licensed book comes complete with removable features, including posters, stickers, replica memorabilia and more, making it an essential keepsake for every Star Wars fan, as well as military, design, and film aficionados.

Fourteen year-old Ezra Bridger lives alone on the Outer Rim planet of Lothal. He fends for himself by picking up odd jobs and hustling the unsuspecting Stormtrooper. But when Arena Day arrives--an underground tournament where mighty beasts battle to the finish and all the swindlers, gamblers, and no-gooders come from all corners of the planet to make a profit--Ezra is whisked into an unlikely partnership with the fearsome bounty hunter Bossk and enmeshed in a high-stakes chase against an endless fleet of troopers. Ezra isn't willing to trust anyone, but he soon learns that surviving doesn't always mean just fending for himself.

Forged by rage. Taken as a child and trained in the ways of the Sith, he became the apprentice to the greatest evil the galaxy has ever known... Honed by the dark side. After years of plotting in secrecy, he and his Master will take revenge on the Jedi Order--and the once-mighty Republic will tremble... The savage story of Darth Maul has been shrouded in mystery--until now.

Eager to uncover the secret of the origins of the mysterious ship Malevolence, the Clones and their Jedi General go on a quest deep into Wild Space to search for clues and get answers to the questions they seek.

A long time ago in a galaxy far, far away... An Empire grows stronger. A rebellion is threatened. A young apprentice learns from a wise master. An identity is revealed. The journey takes a dark turn.

This is the legendary story of Anakin Skywalker as it's never been told before - through his eyes... From rise to fall, from light to dark, and back again.
