Many students fail to perform well on the CAEL test because they have poor vocabulary skills. Our CAEL vocabulary book contains the vocabulary you will see on the CAEL exam. The book also includes the essential idioms and phrasal verbs that are often used on the examination. The vocabulary, idioms, and phrasal verbs in the book are divided into alphabetized sections, from A to Z. There are definitions and sample sentences for each vocabulary item. By using this study guide, you will learn whether each word is a noun, verb, adjective, adverb, or idiom. You will also learn the derivatives (words in the same family that can be formed by using a prefix or suffix) for each item of vocabulary that you are likely to see on the CAEL test. Most important, there are exercises at the end of each section of the study guide. The exercises will provide you with further practice in utilizing the vocabulary naturally in sentences, a skill which is needed for the exam. The book is ideal for self-study. You can check your answers to the exercises by looking at the answer key provided at the end of the book. Get a step ahead on the CAEL by learning all of the essential words used in the real exam!
