The Certified Professional Photographer CPP exam aims to assure potential clients of a photographer's knowledge, experience, and ability to develop new skills and techniques. Each CPP exam is comprised of multiple choice questions that are quite technical oriented. 70 questions are included in this book. We create these self-practice test questions module referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify areas of weakness that require remediation.
