### Charles Gounod: Requiem en ut majeur conducteur | Carus-Verlag

[308 PDF + 252 MP3 + 26 MIDI] - Charles-François Gounod (IPA: [ʒuno]; 17 June 1818 ? 18 October 1893) was a French composer, best known for his Ave Maria as well as his operas Faust and Roméo et Juliette. Gounod was born in Paris, the son of a pianist mother and a draftsman father. His mother was his first piano teacher. Under her tutelage, Gounod first showed his musical talents. He ...

De Gounod, qui fut l'une des gloires musicales les plus sûres du Second Empire et de la Troisième République, que reste-t-il aujourd'hui ? Faust, naturellement, malgré les critiques dont on l'a accablé, mais surtout à cause de ses beautés. Roméo et Juliette aussi et Mireille. Quelques mélodies encore : Venise, Le Soir, Sérénade, Ô ma belle rebelle... Tout bien considéré, la Messe de sainte Cécile n'est pas oubliée tout à fait, ni le Requiem, et la Petite symphonie reste une aubaine pour les ensembles d'instruments à vents. S'avise-t-on pourtant de reprendre Le Médecin malgré lui, Sapho, La Colombe, ou Mors et Vita ? On est surpris d'y découvrir une fraîcheur d'expression, une pureté d'écriture inattendues et surtout un style, un ton résolument personnels. Le rejet de Gounod ou, plutôt, la rage à le dévaluer, a fait suite à un immense succès qui ne concernait qu'une partie de sa production, car sa popularité ne signifiait pas que son message artistique ait été vraiment reçu. Il est temps qu'on y revienne, avec d'autres critères et dans une perspective différente. La musique sacrée et la mélodie étaient ses domaines d'élection. Selon Ravel « le véritable instaurateur de la mélodie en France a été Charles Gounod [...] qui a retrouvé le secret d'une sensualité harmonique perdue depuis les clavecinistes des XVIIe et XVIIIe siècle ». Et peu de musiciens, depuis Bach, auront si intimement lié inspiration musicale et théologie. Après un portrait de Gounod par ceux qui l'ont connu, la partie biographique de ce livre, Au fil des jours, s'est nourrie de l'examen critique de l'ensemble des sources disponibles comme de la correspondance. La présentation des œuvres, qui forme la partie la plus importante du livre, embrasse toute la production de Gounod dont le catalogue, (presque) complet, compte désormais plus de 600 entrées. Sans négliger les partitions les plus connues, une attention particulière a été accordée à celles qu'on a plus rarement l'occasion d'entendre (messes, motets, pièces de circonstances, pages inédites ou inachevées) mais qui ont leur place, parfois essentielle, dans sa trajectoire créatrice et dans l'histoire de son temps. Gérard Condé se partage entre la composition lyrique et des recherches sur le XIXe siècle français.

First Published in 1995. Routledge is an imprint of Taylor & Francis, an informa company.

Charles François Gounod: A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him and his compositions.

Since its emergence in sixteenth-century Germany, the magician Faust's quest has become one of the most profound themes in Western history. Though variants are found across all media, few adaptations have met with greater acclaim than in music. Bringing together more than two dozen authors in a foundational volume, *The Oxford Handbook of Faust in Music* testifies to the spectacular impact the Faust theme has exerted over the centuries. The Handbook's three-part organization enables readers to follow the evolution of Faust in music across time and stylistic periods. Part I explores symphonic, choral, chamber, and solo Faust works by composers from Beethoven to Schnittke. Part II discusses the range of Faustian operas, and Part III examines Faust's presence in ballet and musical theater. Illustrating the interdisciplinary relationships between music and literature and the fascinating tapestry of intertextual relationships among the works of Faustian music themselves, the volume suggests that rather than merely retelling the story of Faust, these musical compositions contribute significant insights on the tale and its unrivalled cultural impact.

Military defeat, political and civil turmoil, and a growing unrest between Catholic traditionalists and increasingly secular Republicans formed the basis of a deep-seated identity crisis in Third Republic France. Beginning in the early 1880s, Republican politicians introduced

increasingly secularizing legislation to the parliamentary floor that included, but was not limited to, the secularization of the French educational system. As the divide between Church and State widened on the political stage, more and more composers began writing religious--even liturgical--music for performance in decidedly secular venues, including popular cabaret theaters, prestigious opera houses, and international exhibitions. This trend coincided with Pope Leo XIII's Ralliement politics that encouraged conservative Catholics to "rally" with the Republican government. But the idea of a musical Ralliement has largely gone unquestioned by historians and musicologists alike. *Sacred Sounds, Secular Spaces* provides the first fundamental reconsideration of music's role in the relationship between the French state and the Catholic Church in the Third Republic. In doing so, the book dismantles the somewhat simplistic epistemological position that emphasizes a sharp division between the Church and the "secular" Republic during this period. Drawing on extensive archival research, critical reception studies, and musical analysis, author Jennifer Walker reveals how composers and critics from often opposing ideological factions undermined the secular/sacred binary through composition and musical performance in an effort to craft a brand of Frenchness that was built on the dual foundations of secular Republicanism and the heritage of the French Catholic Church.

In 1942 Wilfrid Mellers classed Koechlin "among the select number of contemporary composers who really matter," yet it is only in the 1980s that Koechlin has begun to achieve the recognition he deserves as a composer of breadth, vision and powerful originality: a pioneer of polytonality and a master orchestrator who was greatly admired by contemporaries such as Faure, Debussy, Satie and Milhaud. Lavishly illustrated with photographic and musical examples, this book provides the first comprehensive evaluation of Koechlin's life and works. As well as concentrating on major symphonic works like Koechlin's *Jungle Book* cycle, it also discusses his attraction to the early sound film and the music inspired by such stars as Lilian Harvey, Marlene Dietrich and Charlie Chaplin in the 1930s. Koechlin's career provides a fascinating study of the triumph of integrity and independence over almost overwhelming odds, and his rich and varied output offers a veritable treasure-trove for performers, scholars and enthusiasts alike.
