H. Richard Niebuhr's classic book, Christ and Culture, has influenced or at least informed the discussion, notably among Western evangelicals, since it was published in 1951. Niebuhr proposed five models, which he labelled as: 1) Christ against culture; 2) Christ of culture; 3) Christ above culture; 4) Christ and culture in paradox; and 5) Christ the transformer of culture.

Christ and culture: five views - Focus on the Family

These are some of the questions that H. Richard Niebuhr set out to answer in his classic Christ and Culture. To answer the questions, Niebuhr chose to develop five types to describe how Christians in the past had interacted with their respective cultures, and how Christians are interacting with their cultures in the present.

Christ and Culture [H. Richard Niebuhr]: H. Richard

Being fully God and fully human, Jesus raised an enduring question for his followers: what exactly was His place in this world? In the classic Christ and Culture, H. Richard Niebuhr crafted a magisterial survey of the many ways of answering that question--and the related question of how Christ's followers understand their own place in the world. Niebuhr called the subject of this book \"the double wrestle of the church with its Lord and with the cultural society with which it lives in symbiosis.\"

Niebuhr's Five Types | The Christ and Culture Update

In his classic 1951 book Christ and Culture, which is still influential today, H. Richard Niebuhr suggested five potential methods of modeling the interface between Christ and culture. Although Niebuhr's theology is not always evangelical, his insights remain helpful as we think through the issues of cultural engagement.

Christ and Culture - Institute For Faith, Work & Economics

The groundbreaking classic Christ and Culture still hits home the same way it did over fifty years ago, when author H. Richard Niebuhr first confronted the challenge of being true to Christ in a materialistic age. Informative and thought-provoking, Christ and Culture speaks to the battle for the American soul.

This 50th-anniversary edition, with a new foreword by the distinguished historian Martin E. Marty, who regards this book as one of the most vital books of our time, as well as an introduction by the author never before included in the book, and a new preface by James Gustafson, the premier Christian ethicist who is considered Niebuhr's contemporary successor, poses the challenge of being true to Christ in a materialistic age to an entirely new generation of Christian readers.

The interrelation of Christ and society. Called to live in the world, but not to be of it, Christians must maintain a balancing act that becomes more precarious the further our culture departs from its Judeo-Christian roots. How should members of the church interact with such a culture, especially as deeply enmeshed as most of us have become? In this award-winning book -- now in paperback and with a new preface -- D. A. Carson applies his masterful touch to that problem. After exploring the classic typology of H. Richard Niebuhr with its five Christ-culture options, Carson offers an even more comprehensive paradigm for informing the Christian worldview. More than just theoretical, Christ and Culture Revisited is a practical guide for helping Christians untangle current messy debates about living in the world.

In 1951, theologian H. Richard Niebuhr published Christ and Culture, a hugely influential book that set the agenda for the church and cultural engagement for the next several decades. But Niebuhr's model was devised in and for a predominantly Christian cultural setting. How do we best understand the church and its writers in a world that is less and less Christian? Craig Carter critiques Niebuhr's still pervasive models and proposes a typology better suited to mission after Christendom. Only when the Church enacts its scandalous Jesus-centered tradition, will it truly be the Body of Christ and transform the world. Twenty-five years after its first publishing, Resident Aliens remains a prophetic vision of how the Church can regain its vitality, battle its malaise, reclaim its capacity to nourish souls, and stand firmly against the illusions, pretensions, and eroding values of today's world. Resident Aliens discusses the nature of the church and its relationship to surrounding culture. It argues that churches should focus on developing Christian life and community rather than attempting to reform secular culture. Hauerwas and Willimon reject the idea that America is a Christian nation, instead Christians should see themselves as "residents aliens" in a foreign land. Stanley Hauerwas and William H. Willimon maintain that, instead of attempting to transform government, the role of Christians is to live lives which model the love of Christ. Rather than trying to convince others to change their ethics, Christians should model a new set of ethics which are grounded in the life, death, and resurrection of Christ.

The study of Christian ethics in North America has been profoundly influenced during this century by the work of H. Richard Niebuhr. That influence is felt nowhere as keenly as in the widespread use of his classic text, Christ and Culture. Yet certain central flaws exist in Niebuhr's work on Christ and culture, particularly in its lack of concrete norms for the church's transformative engagement with the world. Scholars have long realized that further work must be done in this area if the church is to speak the word of the gospel adequately in the midst of a pluralistic and changing culture. In this book, Glen H. Stassen, D. M. Yeager, and John Howard Yoder push Christian ethical reflection beyond Niebuhr by offering an analysis and critique of Niebuhr's well-known fivefold typology of the relation of Christ to culture. They wrestle with the issue of how the actual, working church goes about being an agent of the transformation of culture. Unlike Niebuhr, whose description of the transformationist ideal had little grounding in the concrete existence of the church, the authors reflect on those practices through which congregations seek both to embody faithfulness to Jesus Christ and to be the church in their culture. As a prologue to this analytical and constructive task, the volume contains a previously unpublished essay by H. Richard Niebuhr, \"Types of Christian Ethics,\" in which he laid out the framework of the typology he would later expand in Christ and Culture.

The 2012 Wheaton Theology Conference was convened around the formidable legacy of Lutheran pastor, theologian and anti-Nazi resistant Dietrich Bonhoeffer. This collection, focusing on the man's views of Christ, the church and culture, contributes to a recent awakening of interest in Bonhoeffer among evangelicals.
