The definitive guide to leading the congregation, updated to meet the needs of today's church leaders."

Written by church consultant Will Mancini expert on a new kind of visioning process to help churches develop a stunningly unique model of ministry that leads to redemptive movement. He guides churches away from an internal focus to emphasize participation in their community and surrounding culture. In this important book, Mancini offers an approach for

Online Library Church Leadership Vision Team

rethinking what it means to lead with clarity as a visionary. Mancini explains that each church has a culture that reflects its particular values, thoughts, attitudes, and actions and shows how church leaders can unlock their church's individual DNA and unleash their congregation's one-of-a-kind potential.

Discover how to assess ministry so that it leads congregations to fruitfulness and effectiveness.

What decisions must be made now if The United Methodist Church is to have a future?

Leadership among God's people is not a matter of easy answers or simple solutions. There is no

Online Library Church Leadership Vision Team

foolproof list of character traits

that one can acquire and develop in order to be a successful leader.

Authentic leadership is a complex interaction of the leader's gifts and calling, the people's needs and response, the particular situation of the moment, and, above all, the guidance of the Holy Spirit. Birch and Parks believe if we wish to understand the intricate and messy character of leadership in the church, the obvious place to start is Scripture. The Bible portrays leaders not as heroes placed on a pedestal, but rather as flawed and fallen human beings who nonetheless work with the people around them and with the situation at hand to move toward accomplishing the will of God.

Ducking Spears, *Dancing Madly* is

Online Library Church Leadership Vision Team

Culture Integrity Revised
a penetrating look at church leadership through the stories of Saul, David, and other central Old Testament figures. The authors demonstrate that those who have a clear and honest understanding of the triumphs and flaws of the individuals who lead God's people in Scripture will be better prepared to lead God's people today. In order to provide that understanding, they engage in a dialogue with the books of 1 and 2 Samuel, texts that portray the people of Israel in frequent social and political transition, and hence in need of effective leadership

Strategies for transforming a toxic church culture Why is it that the best strategic plans and good leadership often are not able to

Online Library Church Leadership Vision Team

Cultural Integrity Revised

move churches in the desired direction? Sam Chand contends that toxic culture is to blame. Quite often, leaders don't sense the toxicity, but it poisons their relationships and derails their vision. This work describes five easily identifiable categories of church culture (inspiring-accepting-stagnant-discouraging-toxic), with diagnostic descriptions in the book and a separate online assessment tool. The reader will be able to identify strengths and needs of their church's culture, and then apply practical strategies (communication, control and authority, selection and placement of personnel, etc.) to make their church's culture more positive. Discusses how to diagnose the state of a church's culture Reveals

Online Library Church Leadership Vision Team

what it takes to put in place effective strategies for creating a more positive church culture. Author served on the board of EQUIP (Dr. John Maxwell's Ministry), equipping five million leaders world-wide. This important book offers a clear guide for understanding and recreating a healthy church culture.

At the heart of why any church exists is to glorify God and to share God as revealed in Jesus Christ; thus worship is at the center of the congregation ' s life. The church, of course, is more than worship, but without vital worship attendance, it is unlikely that members are growing and new disciples are being brought to faith. Worship attendance is also

Online Library Church Leadership Vision Team

Cultural Integrity Period
the one factor where improvement tends to help every other aspect of the church ' s ministry. There is another reason for focusing on worship attendance. After relatively strong attendance in the 1990s and a rise in attendance for five Sundays after the tragedy of Sept 11, 2001, attendance has been more likely to decrease instead of increase for most U.S. churches since 2002. Churches that grow connect people with God, and compelling and inspiring worship is a primary means of connection.

Missiologist James E. Plueddemann presents a roadmap for crosscultural leadership development in the global church. With keen understanding of

Online Library Church Leadership Vision Team

Current research on cultural dynamics, he integrates theology with leadership theory to apply biblical insights to practical issues in world mission.

A Leadership Network Publication
In *Leading the Team-Based Church*, George Cladis issues a clarion call for ministry teams to embrace a fresh leadership model that is not based on hierarchy, but on a process of collaboration that mirrors the relationship of Father, Son, and Holy Spirit. He reminds us that today's cultural environment--where authority has basis in trust, innovation reaps rewards, and spirituality takes root in life and work--has matured past the need for the hierarchy of traditional church leadership

Online Library Church Leadership Vision Team

where the pastor had the final say. Through down-to-earth stories from his own experience and those of clergy in both mainline and evangelical churches, Cladis offers an exciting alternative to the traditional forms of church leadership, enabling pastors, congregational leaders, and staff to breathe new life into their ministries and unleash the full potential of the entire ministry team. Cladis, pastor of a fast-growing mainline congregation, demonstrates how cultural changes affecting all our institutions--not just the church--are making it easier to adopt this new model of leadership. Cladis's practical advice will enable ministry teams to work together in ways that both embody the Christian message and

Online Library Church Leadership Vision Team

Call forth the full creativity and love of the entire team. "Just when it seems that all that can be said has been said on the subject of 'teams', just when one has tired of the gumming of the label 'team' on everything in sight, along comes perhaps the most significant religious book on teams yet published. Cladis juxtaposes the theological and cultural context for team-based ministry in a model presentation of what a conversation between Bible, theology, and culture should look like."--Leonard Sweet, dean, The Theological School and vice president, Drew University

Pastoral ministry is challenging work, especially when a pastor ignores the church's

Online Library Church Leadership Vision Team

"Congregational Culture" when seeking to minister to church members or implement changes. Just as a pastor studies to interpret the Scriptures in order to understand and preach the Bible, he or she must interpret the local church culture to better understand and move it toward accomplishing its mission and vision. In *Look Before You Lead*, trusted church leadership expert Aubrey Malphurs shows pastors how to read their church's unique local culture, how to change or revitalize it, and even how to combine two cultures when one church adopts another. This unique resource approaches leadership and discernment from a solid, biblical perspective and includes a number of helpful appendixes,
