A masterful collection about intimacy, loneliness, and time, each inspired by different works of art, spanning the entirety of the great Italian writer's career. In Stories with Pictures, Antonio Tabucchi responds to photographs, drawings, and paintings from his dual homelands of Italy and Portugal, among other European countries. The stories in this collection spring forth from the shadows of Tabucchi's imagination, as he steps into worlds just hidden from view. From inscrutable masks of pre-Columbian gods, stamps of bright parrots and postcars of yellow cities, portraits of devilish Portuguese nuns, the way to these remote landscapes appear like a "train emerging from a thick curtain of heat." As we peer through the curtain, what we find on the other side rings distinctly human, a world charged with melancholic longing for time gone by. "Sight, hearing, voice, word" Tabucchi writes, "this flow isn't in one direction, the current is back and forth." Reading these stories, one feels the pendulum current, and the desire in this remarkable author to hold the real in the surreal.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
