I came across this great article on Derryfield High School's college counseling philosophy. Reading through the article I could barely suppress my "Amens". Similar to us, Derryfield champions a college fit approach over a college prize approach. Like us, Derryfield's community has been able to subvert the impulse in our "serial applicant" culture to apply to 20 schools.

College Counseling: 2010

The history of school counseling in the United States of America varies greatly based on how local communities have chosen to provide academic, career, college readiness, and personal/social skills and competencies to K-12 children and their families based on economic and social capital resources and public versus private educational settings in what is now called a school counseling program.

"If you work with college-bound students, this book must be on your desk at all times." With more college options and higher college costs, students and parents need the advice and support of a well-informed school counselor to guide them through the college selection process. College Counseling for School Counselors gives counselors everything needed to build a successful college counseling program, no matter how many students they work with. After creating a framework for a strong curriculum, College Counseling for School Counselors shows how to explore all college options with students and families, including options for students with special needs and talents. The follow-up activities in each chapter give counselors resources that bring the ideas to life, and a three year calendar shows counselors how to introduce every idea at a manageable pace, building to a comprehensive college counseling program and strong individual college plans for every student. Busy, caring counselors will find everything they need in College Counseling for School Counselors to improve their college counseling program, and reach every student they work with.

In the fall of 1999, New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University. Over the course of nearly a year, Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country. The Gatekeepers follows a diverse group of prospective students as they compete for places in the nation's most elite colleges. The first book to reveal the college admission process in such behind-the-scenes detail, The Gatekeepers will be required reading for every parent of a high school-age child and for every student facing the arduous and anxious task of applying to college. "[The Gatekeepers] provides the deep insight that is missing from the myriad how-to books on admissions that try to identify the formula for getting into the best colleges...I really didn't want the book to end." —The New York Times
