Essential skills practice for better reading and writing

Language teaching approaches, methods and procedures are constantly undergoing reassessment. New ideas keep emerging as the growing complexity of the means of communication and the opportunities created by technology put language skills to new uses. In addition, the political, social and economic impact of globalisation, the new demands of the labour market that result from it, the pursuit of competitiveness, the challenges of intercultural communication and the diversification of culture have opened new perspectives on the central role that foreign languages have come to play in the development of contemporary societies. This book provides an insight into the latest developments in the field and discusses the new trends in foreign language teaching in four major areas, namely methods and approaches, teacher training, innovation in the classroom, and evaluation and assessment.

All you need to encourage a love and enthusiasm for reading and writing from a young age. Benefit from the experience of key educators across the Caribbean regions who have carefully designed this resource to give your students exactly the right introduction to the Language Arts curriculum. -Ensure a steady transition from Creole to Standard English with an introductory section on language acquisition in the Teacher Guides called Language Strategy. -Cover technicality of grammar, vocabulary and syntax using picture cues and writing as well as reading and reading comprehension. -Offer exposure to many different forms of text with a variety of different text types and genres. -Connect reading and writing with templates, to make sure that students don't fall behind and progress evenly with both. This book accompanies the Step by Step Student's Book 4, 9781510414181.

70 activities that encourage interaction and cooperation in classrooms with few resources.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

Designed to help relief teachers capture their students (ages 9-12 years) interest with lessons that are fun and innovative. The lessons cover 5 learning areas: English, mathematics, the humanities, science and visual arts.
