Interactive books help your children develop the habit of reading and learning new things. These books help your children to engage and capture their interest Building a working memory: Having a good working memory helps children perform new tasks and learn them. Muscle-like memory: we need to strengthen it by repeating and practicing regularly, as your child searches for different creatures and creatures. This book lists great fun for children after the animals and discover some of their features such as animals that give birth or crawl to other puzzles useful for children, and illustrations are very fun in the characters of interesting animals. Your child will build his working memory by remembering the smart list of items he needs. It teaches children about visual discrimination. The ability to recognize visual details in the image later helps children distinguish shapes, which is an essential reading skill. The temptation of reluctant readers, with simple text and an engaging element of the game, is a fun way to persuade reluctant readers or those who struggle to spend
