Dive deep into the vivid underwater world of Dark Life! The oceans rose, swallowing the lowlands. Earthquakes shattered the continents, toppling entire regions into the rising water. Now, humans live packed into stack cities. The only ones with any space of their own are those who live on the ocean floor: the Dark Life. Ty has spent his whole life living deep undersea. When outlaws attack his homestead, he finds himself in a fight to save the only home he has ever known. Joined by Gemma, a girl from Topside, Ty ventures into the frontier's rough underworld and discovers some dark secrets to Dark Life. Secrets that threaten to destroy everything.

Ty has lived under the ocean for his entire life. Following global warming and the rise of the seas, his family joined an underwater community in hopes of living in the new frontier of the ocean floor. But When Ty meets Gemma, a girl from "topside", who is searching the seas for her brother, she quickly makes his life very complicated. Together Ty and Gemma face dangerous sea creatures and venture into the frontier town's rough underworld as they search for her missing brother. But the deeper they dig, the more attention they attract, and soon Ty and Gemma find themselves being hunted by a gang of outlaws who roam the underwater territories causing havoc, and who seem to have eerie abilities. But Ty has a secret of his own, living underwater for his entire life has meant he has also developed a "special" power. Can he keep it a secret from Gemma and his family or is it time for him to finally tell everyone the truth?

When fifteen-year-old Ty, who has always lived on the ocean floor, joins Topside girl Gemma in the frontier's underworld to seek and stop outlaws who threaten his home, they learn that the government may pose an even greater threat.

The sequel to the acclaimed subsea adventure DARK LIFE.Ty has always known that the ocean is a dangerous place. Every time he swims beyond the borders of his family's subsea farm, he's prepared to face all manner of aquatic predators-sharks, squid, killer whales . . .What Ty isn't prepared to find in the deep is an entire township chained to a sunken submarine, its inhabitants condemned to an icy underwater grave. It's only the first clue to a mystery that has claimed hundreds of lives and stands to claim two more -- lives very precious to Ty and his Topsider ally, Gemma. Now in a desperate race against the clock, Ty and Gemma find themselves in conflict with outlaws, Seaguard officers, and the savage, trident-wielding surfs -- plus a menagerie of the most deadly creatures the ocean has to offer.Kat Falls brings to life the mysteries, marvels, and monsters of the deep in this fast-paced and inventive action-adventure.

Beauty versus beasts. In the wake of a devastating biological disaster, the United States east of the Mississippi River has been abandoned. Now called the Feral Zone, a reference to the virus that turned millions of people into bloodthirsty savages, the entire area is off-limits. The punishment for violating the border is death. Lane McEvoy can't imagine why anyone would risk it. She's grown up in the shadow of the great wall separating east from west, and she's naturally curious about what's on the other side - but she's not that curious. Life in the west is safe, comfortable . . . sterile. Which is just how she likes it. But Lane gets the shock of her life when she learns that someone close to her has crossed into the Feral Zone. And she has little choice but to follow. Lane travels east, risking life and limb and her very DNA, completely unprepared for what she finds in the ruins of civilization . . . and afraid to learn whether her humanity will prove her greatest strength or a fatal weakness.
