But even by Myers' standards, Psychology, Ninth Edition, is truly exceptional. This exhaustive update of the bestselling textbook for introductory psychology incorporates the largest number of new research citations of any revision to date, as well as new inquiry-based pedagogy, a reconceptualized art program, and the next generation of media and supplements.

~~Amazon.com: Psychology (8580001045382): Myers, David G.: Books~~
Far and away the bestselling brief introduction to psychology, David Myers' Exploring Psychology doesn't just present the story of the psychology. It involves students deeply in that story, as they learn to think critically about psychology's core ideas, breakthrough research findings, and wide-ranging applications to their lives and the world around them.

accessible way. Watch our new videos from David Myers here, including our animation on THE TESTING EFFECT narrated by David Myers.

Adopting a multicultural approach, this text guides readers in the study of social thinking, social influence, and social relations. This edition emphasises social psychology's applications to both work and life, and uses vignettes to emphasise the relevance of social psychology research.

From his experience as an author and

Read PDF David Myers Psychology 9th Edition In

teacher, David Myers has concluded that students digest material more easily when it is presented in smaller chunks. Ask students whether they would prefer a 600-page book to be organized as fifteen 40-page chapters or as forty 15-page chapters and their answers will approach a consensus: students prefer shorter chapters. And research on learning strategies supports this preference: chunked material is more easily digested. Responding to student preference and learning research, Myers has created a modular version of his best-selling brief introductory text, *Exploring Psychology*. *Exploring Psychology*, Fifth Edition, in Modules reorganizes the 15 chapters of *Exploring Psychology*, Fifth Edition into 40 short chapters, or modules. The modular organization offers instructors more freedom to pick and choose from a smorgasbord of topics. Instead of deciding

Read PDF David Myers Psychology 9th Edition In

whether to assign the whole chapter on consciousness, instructors can simply assign the module on sleep and dreams, the module on hypnosis, and/or the module on drugs and behavior. Given that each module stands alone and is not dependent upon the content found in other modules, instructors can also choose to cover the modules in any order they please. Featuring the latest research and teaching innovations, Myers' new text reflects the author's continuing drive to discover the most effective way to communicate psychology's major ideas to an uninitiated audience. Note: Exploring Psychology, Fifth Edition, in Modules is now available (saleable) in two different saleable versions: a. A hardcover, spiralbound text [similar in structure to the spiralbound Myers in Modules] b. A perfectbound paperback text The features that have made David Myers' introductory

Read PDF David Myers Psychology 9th Edition In

psychology textbooks such phenomenal successes (compelling narrative, critical thinking theme, superior design) are all present in Exploring Psychology, Fifth Edition, in Modules. The way those hallmark features are presented is different. This is NOT a brief version of Psychology: Myers in Modules, Sixth Edition. Rather, this new text is a Modularized version of Exploring Psychology, Fifth Edition. Therefore, it enjoys all of the hallmark features of Exploring Psychology, Fifth Edition: SQ3R pedagogical system, terrific writing, and briefer coverage of key topics. It is, in fact, the same writing/content as can be found in Exploring Psychology, Fifth Edition, just with a different organization.

"This is a book I (David) secretly wanted to write. I have long believed that what is wrong with all psychology textbooks

Read PDF David Myers Psychology 9th Edition In

(including those I have written) is their overlong chapters. Few can read a 40-page chapter in a single sitting without their eyes glazing and their mind wandering. So why not organize the discipline into digestible chunks-say forty 15-page chapters rather than fifteen 40-page chapters-that a student could read in a sitting, with a sense of completion? Thus, when McGraw-Hill psychology editor Chris Rogers first suggested that I abbreviate and restructure my 15-chapter, 600-page Social Psychology into a series of crisply written 10-page modules, I said "Eureka!" At last a publisher willing to break convention by packaging the material in a form ideally suited to students' attention spans. By presenting concepts and findings in smaller bites, we also hoped not to overload students' capacities to absorb new information. And, by keeping Exploring Social

Psychology slim, we sought to enable instructors to supplement it with other reading"--

In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with Connect Social Psychology and LearnSmart, students are able to create a personalized learning plan helping them be more efficient and effective learners. With LearnSmart, students know what they know and master what they don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-
