A compilation of heartfelt letters written from a pastor to his people that explains Jesus' work on the cross. Death by Love is a unique book on the cross of Jesus Christ. While many books debate the finer points of the doctrine of the atonement, what is often lost are the real-life implications of Jesus' death on the cross for thos. Real people.

Death by Love: Letters from the Cross by Mark Driscoll

"Death by Love" is ostensibly a collection of letters from Pastor Mark Driscoll to members of his church or people he's come into contact with. All are broken, sinful humans (as we all are), and many are unsaved. Most have horrible stories -- victims of rape or incest, pedophiles, adulterers, you name it.

Death By Love: Letters from the Cross is the second book that Pastor Mark Driscoll and Western Seminary Professor Gerry Breshears have teamed up to write. Without a hint of his trademark irreverence or humor, Driscoll presents one of the most pastoral books written on the cross this decade.

The Duchess of Sussex is suing Associated Newspapers, the publisher of the Mail on Sunday, for releasing a letter she wrote to her estranged father Thomas Markle. Lydia Hawken Today, 14:15

It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

Gritty pastoral experiences meet deep theology as authors Driscoll and Breshears explain the practical implications of what Jesus accomplished on the cross through a compilation of heartfelt letters. Part of the Re:Lit series. Now available in paperback.

Brigs, in the company of his wife Caroline, discovers the body of his mother in her mobile home. On his shoulders falls the burden of arranging the funeral. Brigs and Caroline turn out to be the only ones taking responsibility for the burial. By the time the burial is over they understand this will always be their role in future funerals, to liaise with death on behalf of the people they love.

When Laurel starts writing letters to dead people for a school assignment, she begins to spill about her sister's mysterious death, her mother's departure from the family, her new friends, and her first love.

A true story of life after death by a skeptical corporate lawyer. He tells about the many surprising and ingenious signs that came to him and several others following the death of his wife. Signs that make their divine source explicit. Signs so moving and convincing that his faith is restored, his life transformed. Significantly, a prominent and historic New England church plays a major role, as do three senior ministers. The first sign appears in the sanctuary with a minister as a co-witness. Millions of Americans have received comforting after-death contacts, but are unsure how such experiences fit into traditional religious beliefs. In an important first, such contacts coming directly and spontaneously from deceased loved ones are shown to have a biblical basis and to fulfill biblical promises.

Just when everything seems to be going wrong, hope-and love-can appear in the most unexpected places. Summer has begun, the beach beckons-and Francesca Schnell is going nowhere. Four years ago, Francesca's little brother, Simon, drowned, and Francesca's the one who should have been watching. Now Francesca is about to turn sixteen, but guilt keeps her stuck in the past. Meanwhile, her best friend, Lisette, is moving on-most recently with the boy Francesca wants but can't have. At loose ends, Francesca trails her father, who may be having an affair, to the local country club. There she meets four-year-old Frankie Sky, a little boy who bears an almost eerie resemblance to Simon, and Francesca begins to wonder if it's possible Frankie could be his reincarnation. Knowing Frankie leads Francesca to places she thought she'd never dare to go-and it begins to seem possible to forgive herself, grow up, and even fall in love, whether or not she solves the riddle of Frankie Sky.

There's something very strange going on in Fairfax. Joe Johnson is on the hunt for dying people while his wife stares into space and flies land on her nose: the Shelling kids fester in a hippie backwater and pretend that they haven't just killed their grandfather; and Morag, multi-bigamist from the Scottish Highlands, makes some rash decisions when diagnosed with terminal cancer by Manuel - who may or may not be a doctor. Meanwhile, the ghost of Consuela threads her way through all the stories, oblivious to the ever-watching Connie - who sees everything from the attic of the Gentle Valleys Hospice. Cynthia Rogerson's second novel is a funny and life-affirming tale about the courage to love in the face of death.

Cancer sucks, death sucks even more. But we humans don't have the power to stop either of them from messing with our lives. They enter our lives whenever and wherever they choose to. Cancer is so common that each one of us have known someone who has dealt with the disease: some of us have lost a loved one to cancer. Common does not always mean simple, and it also does not mean we know everything about it. The diagnosis of cancer, regardless of the disease's curability, is almost always nerve-racking, even for healthcare providers like the main character of this book who is a veteran nurse. This book is written in first person: the subject is a middle aged woman who had been separated from her boyfriend some thirty years ago and then after three decades when she searches for an oncologist for treatment of an aggressive cancer that she was recently diagnosed, she finds her ex-boyfriend's name and decides to see him. That brings back the memory of their past together, and she starts going through her old diary she had written some thirty years in the past. Part of the story is set in Nepal (from the diary) and the other part is set in the USA (this takes place after her cancer diagnosis). The main character of the story was born with 'Manglik' cosmic influencer, meaning that the planet Mars "mangal Graha" was in such position in the solar system at the time of her birth that it would have strong negative effect on her husband if she married a man who was non-Manlik (a person born at the time when the planet Mars was not in such position.) What happens next changes the lives of the main characters.

It's not just a story. Hell, it's not a story at all. It's about life."To the Universe, with Love." consists of 15 individual letters written by the author to the Universe. Each letter is a standalone piece. The story surrounds the various love interests of the author. A few letters are about "Cindy & Tim". Tim is a pseudonym for the author and Cindy is a pseudonym for the name of the girl with whom the author had the most tragically beautiful relationship. Cindy & Tim are the names they created which would reflect the perfect couple they could have been. They use these names to escape the reality of being themselves and being reminded of why their relationship will never work. Cindy finds herself in love with the author, a queer Jamaican girl; their society isn't ready for their love and neither is Cindy.

New York Times bestselling author Damien Echols and his wife Lorri Davis reveal their intimate and affecting letters, written while Echols was wrongfully imprisoned on death row. An explosive bestseller, *Life After Death* turned a national spotlight on Damien Echols, who was just eighteen when he was wrongly condemned to death. But one of the most remarkable parts of his story still remained untold. After seeing a documentary about the "West Memphis Three," Lorri Davis—a New Yorkbased landscape architect—wrote him a letter, beginning a thirteen-year correspondence that witnessed their marriage while Echols was still on death row and culminated in Echols' release in 2011. Sharing their private letters, Yours for Eternity is a must-read for the legions who followed the case as well as anyone who appreciates an extraordinary love story.
