Winner of the 2021 AASECT Book Award! The Leather Couch provides a comprehensive overview of the BDSM and kink community and guides clinicians on how to meet the unique relational and mental health needs of its members. The text offers a 101-style introduction to BDSM before delving into topics ranging from intersectionality within the kink community, to conducting a kink-affirming risk assessment and how to discern between domestic violence and consensual power-exchange. The author explores differential diagnoses and clinical concerns that are relevant to health care providers, including social workers and therapists as well as primary care physicians and sex educators. Interwoven throughout with real-world case studies, each

chapter presents practical suggestions, tools, and handouts the reader can use to inform their practice and serve clients in ways that meet the needs of each individual, couple, or partnership. Written in a conversational, accessible style for clinicians and members of the BDSM community alike, *The Leather Couch* is the go-to resource for any mental health professional or educator looking to transform their practice from kink aware to kink affirming.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep-spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories-from Carl Jung building a stone tower in

the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air-and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

Reporting to the stealth sub Steel Albatross for a peaceful mining operation, Rick Tallman finds himself amid an explosive deep-sea duel over a legendary Emperor's sword that could empower a group of right-wing Japanese nationalists. Original.

Getting diagnosed with gestational diabetes is scary, but it doesn't have to stay that way. Imagine easily managing your blood sugar, effortlessly gaining the right amount of weight during your pregnancy, and giving birth to a beautiful, healthy baby. This can be you! Real Food for Gestational Diabetes offers an alternative to the conventional nutrition approach that embraces nutrient-dense and

Acces PDF Deep Dive Worksheet Answers

delicious foods that nourish you and baby without causing high blood sugar. With the wrong information (or no information at all), far too many women are left alone struggling with erratic blood sugar and excessive weight gain, often leading to high doses of insulin or medications. Sadly, this often happens despite these moms dutifully following the dietary advice given to them by well-meaning clinicians; a restrictive diet that leaves them feeling unsatisfied, unhappy, and confused about ever increasing blood sugars. In *Real Food for Gestational Diabetes*, prenatal nutritionist and diabetes educator, Lily Nichols, RDN, CDE, CLT, sets the record straight, offering revamped carbohydrate recommendations and exercise guidelines based on the latest clinical research. You can have gestational diabetes and have a healthy baby. Lily will show you how. With this book, you have the tools to turn this diagnosis into a blessing in disguise. You'll learn: Why conventional diet therapy often fails and what to do instead How the right prenatal nutrition can reduce the likelihood you'll need insulin by 50% Exactly which foods raise your blood sugar (and more importantly, which foods DON'T raise your blood sugar) How to customize a meal plan with the right amount of carbohydrates for YOU (there's no one-size-fits-all plan, despite what you may have been told) The truth about ketosis during pregnancy (and why checking urine ketones isn't useful) Information on insulin
