New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge

holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

A Black nurse with a teenager to raise. A white cop hiding a tender heart. Do they have what it takes to indulge their forbidden passion? Caregiver Belle Jones always puts her own needs last on the list. As a busy nurse and sole provider for her teenage brother, she has no time for meaningless hookups. And when her younger sibling arrives home in the backseat of a police car, the fury she feels for his strutting uniformed escort far outweighs her spark of desire. Sheriff Bently Evans works hard to protect his town... and keep his emotions locked away. When it comes to relationships, that means burying his real feelings behind crass humor and his flirtatious playboy reputation. But after driving a stranded African American teen home, he meets a stunning woman who makes it impossible to sustain his act. As Belle slowly falls for the rugged lawman's true gentle nature, she fears he's not the type to ever commit. And just as Bently is ready to be vulnerable, an ominous warning forces him to push the woman he desires away from a deadly risk. Will a judgmental society drive a wedge between them, or can they conquer all with their powerful love? ****Breaking Gravity is the second book in the Fall Back series. It can be read as a standalone, but it's advisable to read the first book in the series, Fall Back Skyward**** I've always followed my dreams with ruthless determination. My life was going well. Success was at my fingertips. Until it wasn't. All it took was three seconds to send my world crashing down around me, ripping my dreams to shreds. Then I meet her, with her large hazel eyes that slay me at first glance. And everything starts to make sense again. I try to keep my distance. To remind myself I am her mentor. That we can't be more, but every time I push away, I'm pulled deeper into her. The line between student and teacher is blurring. One kiss. One taste. They're all it would take to cross the line.

Now, against all odds, she's wishing she could open her heart once again...and it's utterly terrifying... Nash Brookes knows domestic abuse when he sees it. After all, he lived through it with his mother. So, he'll do whatever it takes to help Paisley, including bringing her home with him to the small town of Hope Creek. Falling for her was not part of the plan. But it doesn't take long for him to do just that... Earning her trust won't be easy. He will make mistakes along the way. When Ella Fitzgerald makes a pact with her best friend, she never expects he'll be holding her to it twelve years later. She's not going to argue, though. She's been half in love with Theo Townsend since they were kids. Not that he has any idea. She's always kept her feelings for him buried, knowing if she told him, it could ruin their friendship forever. Theo meant every word of the pact he made with Ella all those years ago, but his life as a Major League Baseball player has taken him away from her and their friendship. It looks like he's got it all: fame, fortune and a different woman on his arm every night. Looks can be deceiving though, and he finds himself comparing every woman he meets to Ella, leaving her never far from his thoughts or his heart. When the pact brings them back together, it isn't long before sparks fly. With their lives at polar opposites, are sparks enough to keep the flames of love alive, or will their love be extinguished before it's even had a chance to start?
