Depression is also a dirty liar. Its powers of persuasion rival that of a seasoned infomercial host, except that instead of a Rotato® Potato Peeler or a miracle skin treatment made from the tears of unicorns, what you end up buying are harmful and sometimes fatal thoughts.

From social psychologist Dr. Devon Price, a fascinating and thorough examination of what they call the “laziness lie”—which falsely tells us we are not working or learning hard enough—filled with practical and accessible advice for overcoming society’s pressure to “do more.” Extra-curricular activities. Honors classes. 60-hour work weeks. Side hustles. Like many Americans, Dr. Devon Price believed that productivity was the best way to measure self-worth. Price was an overachiever from the start, graduating from both college and graduate school early, but that success came at a cost. After Price was diagnosed with a severe case of anemia and heart complications from overexertion, they were forced to examine the darker side of all this productivity. Laziness Does Not Exist explores the psychological underpinnings of the “laziness lie,” including its origins from the Puritans and how it has continued to proliferate as digital work tools have blurred the boundaries between work and life. Using in-depth research, Price explains that people today do far more work than nearly any other humans in history yet most of us often still feel we are not doing enough. Dr. Price offers science-based reassurances that productivity does not determine a person’s worth and suggests that the solution to problems of overwork and stress lie in resisting the pressure to do more and instead learn to embrace doing enough. Featuring interviews with researchers, consultants, and experiences from real people drowning in too much work, Laziness Does Not Exist encourages us to let go of guilt and become more attuned to our own limitations and needs and resist the pressure to meet outdated societal expectations.

NEW YORK TIMES BESTSELLER From Face the Nation moderator and contributing editor for The Atlantic John Dickerson come the stories behind the stories of the most memorable moments in American presidential campaign history. The stakes are high. The characters full of striving and ego. Presidential campaigns are a contest for control of power in the most powerful country on earth. The battle of ideas has a clear end, with winners and losers, and along the way there are sharp turning points-primaries, debates, conventions, and scandals that squeeze candidates into emergency action, frantic grasping, and heroic gambles. As Mike Murphy the political strategist put it, "Campaigns are like war without bullets." WHISTLESTOP tells the human story of nervous gambits hatched in first-floor hotel rooms, failures of will before the microphone, and the cross-country crack-ups of long-planned stratagems. At the bar at the end of a campaign day, these are the stories reporters rehash for themselves and embellish for newcomers. In addition to the familiar tales, WHISTLESTOP also remembers the forgotten stories about the bruising and reckless campaigns of the nineteenth century when the combatants believed the consequences included the fate of the republic itself. Some of the most modern-feeling elements of the American presidential campaign were born before the roads were paved and electric lights lit the convention halls-or there were convention halls at all. WHISTLESTOP is a ride through the American campaign history with one of its most enthusiastic conductors guiding you through the landmarks along the way.

First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

The spirit of depression does not need an invitation to dinner because it just shows up unexpectedly and brings nothing but turmoil and self-destruction. One never knows when the spirit of depression will visit, but it is my hope this book will prepare you through awareness, worship and the power of our Lord and Savior. If the devil wrote a book, it would be Murder He Wrote, because he comes to kill, steal, and destroy our hopes and dreams. I believe God has used me as a vehicle to write this book, so that we can make this declaration together: “I will rise above it!” This is not your end, but only your beginning. Let’s get started.
