Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

'Developing Management Skills' teaches students the ten essential skills all managers should possess in order to be successful. These skills are grouped into personal skills,

Download File PDF Developing Management Skills 8th Edition

interpersonal skills and group skills, so students can see how certain skills are related to others.

Using a three-pronged approach of concepts, applications, and skill development, MANAGEMENT FUNDAMENTALS, International Edition gives your students a solid foundation of management concepts and real skills they can use in the workplace. Through a variety of thought-provoking applications, Lussier challenges students to think critically and apply concepts to their own experiences. Proven skill-building exercises, behavioral models, self-assessments, and group exercises throughout the text help students realize their own managerial potential. The 14-chapter format is comprehensive enough for the one-term course yet flexible

Intended to illustrate highlights and emphasize key points and strategies regarding subjects in the parent text. Uses dramatizations to demonstrate techniques for communicating with peers, co-workers, and colleagues and in resolving conflicts in the workplace.

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling

Download File PDF Developing Management Skills 8th Edition

approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
