While other methods of drag reduction are well-known in marine R&D and ship design environments worldwide, compliant coating drag reduction remains less well-known and poorly understood. This important book presents cutting-edge techniques and findings from research sources not generally accessible by Western researchers and engineers, aiding the application and further development of this potentially important technology. Beginning with an introduction to drag reduction that places the authors ' work on elastic surfaces and combined techniques in context, the book moves on to provide a comprehensive study of drag reduction through elastic coating with both flow and material properties considered. Coverage includes: Experimental findings around coherent vortical structures (CVS) in turbulent boundary layers and methods of controlling them Static and dynamic mechanical characteristics of elastic composite coatings, as well as new techniques and devices developed for their measurement Combined methods of flow control and drag reduction, including the effect of injection of polymer solutions, elastic coatings and generated longitudinal vortical structures on hydrodynamic resistance Intended as a reference for senior engineers and researchers concerned with the drag reduction and the dynamics of turbulent boundary layer flows, Boundary Layer Flow over Elastic Surfaces provides a unique source of information on compliant surface drag reduction and the experimental techniques around it that have shown measurable and repeatable improvements over recent years. This compilation of research findings and new techniques developed for measurement will aid R&D engineers, naval architects and senior designers in their quest to achieve drag reductions that will deliver significant efficiency savings. Unique source of information on compliant surface drag reduction—an important area of technology with practical application to ships—from otherwise inaccessible research studies Updates the knowledge-base on boundary layer flow and surface friction reduction, critical topics in the global quest for increased ship efficiency and fuel economy Reveals new techniques and devices developed for measurement and provides a comprehensive study of drag reduction through elastic coating with both flow and material properties covered

This book, drawn from the award-winning online Oxford Dictionary of National Biography, tells the story of our recent past through the lives of those who shaped national life.

This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down ' s syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby ' s case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it.

Whether you ' re downsizing or thrill-seeking—or anything in between—find out if the RV lifestyle is right for you, and learn how to transition from a life of traditional home-ownership to one on the road. Do you love traveling? Meeting new people and seeing new places? Are you craving a life that feels meaningful and new? The RV lifestyle could be the answer. Both aspirational and practical, Living the RV Life is your ultimate guide to living life on the road—for people of all ages looking to downsize, travel, or work on the go. Learn if life in a motor home is right for you, with insightful details on the experiences of full-time RV-ers, tips for how to choose an RV (how big? new or used?), whether to sell your home (and if not, what to do with it), model costs, sample routes and destinations, basic vehicle maintenance, legal and government considerations—and much more! Written in a light and an easy-to-understand style, Living the RV Life is your bible to living a mobile life.

The inspiration for Chloé Zhao's 2020 Golden Lion award-winning film starring Frances McDormand. "People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid,

disturbing (and occasionally wryly funny) book." —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon ' s CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. *Nomadland* tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

Have you ever thought someone was watching you . . . but there was no one there? One summer ' s evening, Alice sees something out of the corner of her eye. She turns to look: just a trick of the light. She is no longer the lonely little girl she once was, with her games of make-believe and imaginary friend, Sam. Then Alice ' s world is shattered in a tragic accident, and Sam creeps out of the shadows and back into her life. At first Alice is comforted by his presence: a best friend to help fill the void in her heart. Perhaps even help her find someone real to share her life with. But Alice and Sam know he can only exist if she wants him there. So when Alice decides it ' s time for him to leave, who will get hurt in order for him to stay alive? A compelling novel that fans of page-turners such as Clare Mackintosh's *I LET YOU GO* and S. K. Tremayne's *THE ICE TWINS* will be gripped by.

Between Long Island Sound and the elbow of Cape Cod lies a richly varied cruising ground. *A Cruising Guide to Narragansett Bay and the South Coast of Massachusetts* is the definitive cruising guide to these waters. Its coverage extends to the headwaters of Narragansett Bay and miles offshore to the solitude of Block Island and Nantucket. Longtime area boaters Lynda and Patrick Childress and Tink Martin take you on a personal tour with all you need for a day, a weekend, or several weeks of cruising. They provide essential information on weather, tides, currents, and pilotage, as well as the availability of moorings and the closest place to pick up provisions. The unique harbor rating system shows at a glance what each anchorage offers in facilities, protection, beauty, and interest. Maps and charts help negotiate tricky channels or find that hidden marina. When you've dropped anchor and are sitting back in the cockpit after a day's cruising, the guide continues to inform you, pointing out places to go for food and entertainment, where to find hiking trails, picnic and fishing spots, wildlife sanctuaries, museums, and more. In addition, the authors give cruisers the historical context in which to view the passing scenery, and they impart a deep affection for the region's unique character.

A complete & comprehensive RV buying guide designed in three easy-to-read sections. Section 1 includes a step-by-step process for determining the type of recreational vehicle required to satisfy the buyer's needs. It expands on how to choose a recreational vehicle for weekending, vacationing, snowbirding, or fulltiming--whether it's a motor home, travel trailer, camper, or tent trailer. It details types of tow vehicles & matching criteria: weight consideration; how to compare brands & more. Section 2 will take the buyer through an inspection process to determine positive & negative features of the RV's design, workmanship & structural integrity. This section includes illustrations & photos in a special "Walk-Around" chapter to show the buyer the specific steps for a good evaluation. Section 3 will take the buyer through the buying process, which includes negotiating techniques to assist in avoiding pitfalls normally associated with financing & extended warranties. JD Gallant is a nationally-known consumer advocate, president of RV Consumer Group & author of many consumer titles. Prepaid orders 40% discount plus \$6 s/h. Order through publisher: RV Consumer Group, PO Box 520, Quilcene, WA 98376. 1-800-405-3325, or e-mail: orders@rv.org.
