Each chapter is based on phrases from the worship song "He Knows My Name" and communicates the wonder of how God knows each of us in an unspeakably intimate way. Emphasis is on the love of God toward us and the significance of God calling us His children. He knows us, loves us, sympathizes with us, listens to us, has a future for us, forgives us, and delights in us. The chapters end with a prayer acknowledging these truths, promoting worship and gratitude to the Father. Personal testimonies are included from people around the world who have been touched by the Father's love through the words to the song "He Knows My Name."

Just as every song has a story, so does every songwriter. "More Precious Than Silver: The God Stories Behind the Songs of Lynn DeShazo" tells the stories behind today's most-loved worship songs—and the songwriter who created them.

As the landscape of choral education changes - disrupted by Glee, YouTube, and increasingly cheap audio production software - teachers of choral conducting need current research in the field that charts scholarly paths through contemporary debates and sets an agenda for new critical thought and practice. Where, in the digitizing world, is the field of choral pedagogy moving? Editor Frank Abrahams and Paul D. Head, both experienced choral conductors and teachers, offer here a comprehensive handbook of newly-commissioned chapters that provide key scholarly-critical

perspectives on teaching and learning in the field of choral music, written by academic scholars and researchers in tandem with active choral conductors. As chapters in this book demonstrate, choral pedagogy encompasses everything from conductors' gestures to the administrative management of the choir. The contributors to *The Oxford Handbook of Choral Pedagogy* address the full range of issues in contemporary choral pedagogy, from repertoire to voice science to the social and political aspects of choral singing. They also cover the construction of a choral singer's personal identity, the gendering of choral ensembles, social justice in choral education, and the role of the choral art in society more generally. Included scholarship focuses on both the United States and international perspectives in five sections that address traditional paradigms of the field and challenges to them; critical case studies on teaching

and conducting specific populations (such as international, school, or barbershop choirs); the pedagogical functions of repertoire; teaching as a way to construct identity; and new scholarly methodologies in pedagogy and the voice.

Meet Daniel. A Transformed Man Who Transformed His World. What does an ancient Jewish prophet have to do with modern America? What, if anything, can we learn from a man who lived 2,400 years ago as a captive in the land we now call Iraq? As it turns out, quite a bit. David and Jason Benham are convinced the biblical example of Daniel holds the keys to contemporary Christians living victoriously in a world increasingly hostile to people of faith. Like Daniel, many believers today find themselves in an unfriendly environment, one opposed to the God they serve.

Yet, like Daniel, they must learn how to take a stand while serving the people around them. *Living Among Lions* is for Christian brothers and sisters who have the potential to transform their world but find themselves standing in the shadows wondering how to respond in an unfriendly environment. Divided into three sections, *Living Among Lions* covers three distinct characteristics that made Daniel strong: Conviction, Commitment, and Courage. Daniel possessed all of these qualities and lived them out. As a result, God gave him unprecedented favor and supernatural power. A mere slave living in exile, Daniel emerged as one of the most powerful men in the known world. Daniel's conviction, commitment, and courage empowered him not merely to survive in Babylon but to thrive. He did not conform to his world; he transformed his world.

This song receives an expressive treatment as it highlights our mission to reach the world for Christ.

Dogs have been mankind's faithful companions for tens of thousands of years, yet today they are regularly treated as either pack-following wolves or furry humans. The truth is, dogs are neither--and our misunderstanding has put them in serious crisis.

What dogs really need is a spokesperson, someone who will assert their specific needs. Renowned anthrozoologist Dr. John Bradshaw has made a career of studying human-animal interactions, and in *Dog Sense* he uses the latest scientific research to show how humans can live in harmony with--not just dominion over-- their four-legged friends. From explaining why positive reinforcement is a more effective (and less damaging) way to control dogs' behavior than punishment to demonstrating the importance of weighing a dog's unique personality against stereotypes about its breed, Bradshaw offers extraordinary insight into the question of how we really ought to treat our dogs.
