In 2010, bestselling and award-winning young adult and children's author Walter Dean Myers published *Dope Sick*, a magical realist novel that examines the way bad choices in an environment of disadvantage can lead to disastrous outcomes. Presented as mostly a conversation between a troubled teenager and a mysterious, possibly magical drifter, the novel takes us through the life of a young man whose future seems to only contain terrible options like prison or death.

undercover cop. With a gunshot wound to the arm, Rico in jail, and a police officer clinging to life, Lil J is starting to get dope sick. He'd do anything to change the last twenty-four hours, and when he stumbles into an abandoned crack house, it actually might be possible. . . . Walter Dean Myers weaves elements of magical realism into a harrowing story about drug use, violence, alternate perceptions of reality, and second chances.

months in a tiny cell at a "progress center." Living in fear and isolation, Reese begins looking within himself to find a way out of the prison system. Acclaimed author Walter Dean Myers offers an honest story about finding a way to make it without getting lost in the shuffle. Told with compassion and truth, Lockdown is also a compelling first-person read that "could resonate with teens on a dangerous path."\* When I first got to Progress, it freaked me out to be locked in a room and unable to get out. But after a while, when you got to thinking about it, you knew nobody could get in, either. It seems as if the only progress that's going on at Progress juvenile facility is moving from juvy jail to real jail. Reese wants out early, but is he supposed to just sit back and let his friend Toon get jumped? Then Reese gets a second chance when he's picked for the work program at a senior citizens' home. He doesn't mean to keep messing up, but it's not so easy, at Progress or in life. One of the residents, Mr. Hooft, gives him a particularly hard time. If he can convince Mr. Hooft that he's a decent person, not a criminal, maybe he'll be able to convince himself. Walter Dean Myers was a New York Times bestselling author, Printz Award winner, five-time winner of the Coretta Scott King Award, two-time Newbery Honor recipient, and the National Ambassador for Young People's Literature. Maria Russo, writing in the New York Times, called Myers "one of the

For the very first time in his decades-long career writing for teens, acclaimed and beloved author Walter Dean Myers writes with a teen, Ross Workman. Kevin Johnson is thirteen years old. And heading for juvie. He's a good kid, a great friend, and a star striker for his Highland, New Jersey, soccer team. His team is competing for the State Cup, and he wants to prove he has more than just star-player potential. Kevin's never been in any serious trouble . . . until the night he ends up in jail. Enter Sergeant Brown, a cop assigned to be Kevin's mentor. If Kevin and Brown can learn to trust each other, they might be able to turn things around before it's too late.

History has made me an African American. It is an Africa that I have come from, and an America that I have helped to create. Since they were first brought as captives to Virginia, the people who would become African Americans have struggled for freedom. Thousands fought for the rights of all Americans during the Revolutionary War, and for their own rights during the Civil War. On the battlefield, through education, and through their creative genius, they have worked toward one goal: that the rights of life, liberty, and the pursuit of happiness

be denied no one. Fired by the legacy of men and women like Abd al Rahman Ibrahima, Ida B. Wells, and George Latimer, the struggle continues today. Here is African-American history, told through the stories of the people whose experiences have shaped and continue to shape the America in which we live.

A critically acclaimed tearjerker from a master storyteller: On one side of the border is brutality and heartache; on the other side--a new life. 14yo Manny is an orphan in Juarez, Mexico. He competes with his bigger, meaner rivals for the coins American tourists throw off the bridge between Texas and his town. Across that heavily guarded bridge await a different world and a better existence. On the night when Manny dares the crossing--through the muddy shallows of the Rio Grande, past the searchlights and the border patrol--the young man encounters an old stranger who could prove to be an ally or an enemy. Manny can't tell for certain. But if he is to achieve his dream, then he must be willing to risk everything--even his life.

Robin "Birdy" Perry, a new army recruit from Harlem, isn't quite sure why he joined the army, but he's sure where he's headed: Iraq. Birdy and the others in the Civilian Affairs Battalion are supposed to help secure and stabilize the country and successfully interact with the Iraqi people. Officially,

New York Times bestselling author Walter Dean Myers traveled back to his roots in this memoir that is gripping, funny, and ultimately unforgettable. Don't miss this memoir by a former National Ambassador of Books for Young People! As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Here, in his own words, is the story of one of the most important voices of our time.

Follows five generations of an African-American family, from the capture and enslavement of the first ancestor, through the Civil War and the end of segregation, to a troubled cousin's reunion with his family. An ALA Best Book for Young Adults. Reissue.
