Quick sketching is the best technique you can use to stay finely tuned and to keep those creative juices flowing. To keep your sense of observation heightened, and to sharpen your hand-eye coordination, an animator needs to constantly draw and sketch. Quick Sketching with Ron Husband offers instruction to quick sketching and all its techniques. From observing positive and negative space and learning to recognize simple shapes in complex forms to action analysis and using line of action, this Disney legend teaches you how to sketch using all these components, and how to do it in a matter of seconds.

On top of instruction and advice, you'll also see Ron's portfolio of select art representing his growth as an artist throughout the years. Watch his drawings as he grows from a young, talented artist, to a true Disney animator. Follow him as he goes around the world and sketches flamenco dancers, football players, bakers, joggers, lions, tigers, anyone, and anything. As if instruction and inspiration in one place weren't enough, you'll find a sketchbook included, so you can flip from Ron's techniques and work on perfecting basic shapes. Or take your book on the road, read Ron's advice, sketch away, capture the world around you.

Learn from the men who changed animation forever. Walt Disney's team of core animators, who he affectionately called his "Nine Old Men," were known for creating Disney's most famous works, as well as refining the 12 basic principles of animation. Follow master animator and Disney legend Andreas Deja as he takes you through the minds and works of these notable animators. An apprentice to the Nine Old Men himself, Deja gives special attention to each animator and provides a thoughtful analysis on their techniques that include figure drawing, acting, story structure, and execution. The in-depth analysis of each animator's work will allow you to refine your approach to character animation. Rare sequential drawings from the Disney archives also give you unprecedented access and insight into the most creative minds that changed the course of animation. Instruction and analysis on the works of each of the Nine Old Men broaden your creative choices and approaches to character animation. Original drawings,

some never-before-seen by the public are explored in depth, giving you behind-the-scenes access into Disney animation history. Gain first-hand insight into the foundation of timeless characters and scenes from some of Disney's most memorable feature and short films.

Giannalberto Bendazzi brings to light some of the lost relics of animation history with his new book, *Twice the First: Quirino Cristiani and the Animated Feature Film*. Unlike other works, however, Bendazzi focuses on the growth of animation in non-western countries. This book particularly emphasizes the contributions of Quirino Cristiani and how his work influenced other animators. Bendazzi provides in-depth coverage about Cristiani's life, both professionally and personally. *Twice the First* takes the reader on an exciting journey through the historical development of animation through the eyes of Quirino Cristiani.

Create amazing animated effects such as fiery blazes, rippling water, and magical transformations. Animation guru Joseph Gilland breaks down the world of special effects animation with clear step-by-step diagrams and explanations on how to create the amazing and compelling images you see on the big screen. 'Elemental Magic' is jam-packed with rich, original illustrations from the author himself which help explain and illuminate the technique, philosophy, and approach behind classical hand drawn animated effects and how to apply these skills to your digital projects.

The classic work on animation principles, now fully
