Energy efficiency in buildings requires, among other things, that ventilation be appropriately dimensioned: too much ventilation wastes energy, and insufficient ventilation leads to poor indoor air quality and low comfort. Studies have shown that ventilation systems seldom function according to their commissioned design. They have also shown that airflow measurement results are essential in improving a ventilation system. This key handbook explains why ventilation in buildings should be measured and describes how to measure it, giving applied examples for each measurement method. The book will help building physicists and ventilation engineers to properly commission ventilation systems and appropriately diagnose ventilation problems throughout the life of a building. Drawing on over 20 years of experience and the results of recent international research projects, this is the definitive guide to

diagnosing airflow patterns within buildings.

La rivista mensile di filatelia e numismatica edita da UNIFICATO.

Erasmus reached England after a stay in Italy early in the summer of 1510. Soon afterwards, in Thomas More's house at Bucklersbury, he rapidly wrote his famous satire, the *Encomium Moriae*, or "Praise of Folly," in which Folly celebrates her own praises as the great source of human pleasures. He had been meditating this piece on the long journey from Rome; it is a kaleidoscope of his experiences in Italy, and of earlier memories. As to the title, *Moria*, the Greek word for "folly," was a playful allusion, of course, to the name of his wise and witty host. This "Praise of Folly" is a satire, not only in the modern but in the original sense of that word,—a medley. All classes, all callings, are sportively viewed on the weak side. But in relation to the author's own life and times, the most important topics are the various abuses in the Church, the pedantries of the school-men, and the selfish wars of kings. If this eloquent Folly, as Erasmus presents her, most often wears the mocking smile of Lucian or Voltaire, there are moments also when she wields the terrible lash of Juvenal or of Swift. The popularity of the satire, throughout Europe, was boundless. The mask of jest which it wore was its safeguard; how undignified, how absurd it would have been for a Pope or a King to care what was said by Folly! And, just for that reason, the *Encomium Moriae* must be reckoned among the forces which prepared the Reformation.

Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare.

Reveals how the concept of money did not materialize until the invention of Greek coinage

Vatican City Coins 1929-1978 provides meticulous descriptions, current valuations, and enlarged color photographs. The book clearly explains Vatican monetary conventions, illustrates over 25 different Vatican coin cases and cards, and reveals little-known facts about the minting of Vatican coins.
