The routine jobs of yesterday are being replaced by technology

# Access Free Edexcel Igce Physics Question Paper

January 2014  
and/or shipped off-shore. In their place, job categories that require knowledge management, abstract reasoning, and personal services seem to be growing. The modern workplace requires workers to have broad cognitive and affective skills. Often referred to as "21st

# Access Free Edexcel Igce Physics Question Paper

January 2014," these skills include being able to solve complex problems, to think critically about tasks, to effectively communicate with people from a variety of different cultures and using a variety of different techniques, to work in collaboration with others,

# Access Free Edexcel Igce Physics Question Paper

to adapt to rapidly changing environments and conditions for performing tasks, to effectively manage one's work, and to acquire new skills and information on one's own. The National Research Council (NRC) has convened two prior workshops on the topic of

# Access Free Edexcel Igce Physics Question Paper

21st century skills. The first, held in 2007, was designed to examine research on the skills required for the 21st century workplace and the extent to which they are meaningfully different from earlier eras and require corresponding changes in educational

# Access Free Edexcel Igce Physics Question Paper

January 2014 experiences. The second workshop, held in 2009, was designed to explore demand for these types of skills, consider intersections between science education reform goals and 21st century skills, examine models of high-quality science instruction

# Access Free Edexcel Igce Physics Question Paper

January 2014 that may develop the skills, and consider science teacher readiness for 21st century skills. The third workshop was intended to delve more deeply into the topic of assessment. The goal for this workshop was to capitalize on the prior efforts and explore

# Access Free Edexcel Igce Physics Question Paper

strategies for assessing the five skills identified earlier. The Committee on the Assessment of 21st Century Skills was asked to organize a workshop that reviewed the assessments and related research for each of the five skills identified at the previous

# Access Free Edexcel Igce Physics Question Paper

workshops, with special attention to recent developments in technology-enabled assessment of critical thinking and problem-solving skills. In designing the workshop, the committee collapsed the five skills into three broad clusters as shown below: Cognitive

# Access Free Edexcel Igce Physics Question Paper

skills: nonroutine problem solving,  
critical thinking, systems thinking  
Interpersonal skills: complex  
communication, social skills, team-  
work, cultural sensitivity, dealing
