Terra Incognita - the blank spaces on the map, past the edge of the known world, marked only by the words "here be monsters." Two nations at war, fighting for dominion over the world, pin their last hopes of ultimate victory on finding a land out of legend. Each will send its ships to brave the untamed waters, wild storms, sea serpents, and darker dangers unseen by any man. It is a perilous undertaking, but there will always be the impetuous, the brave, and the mad, willing to leave their homes to explore the unknown. Even unto the edge of the world...

After terrible atrocities by both sides, the religious war between Tierra and Uraba has spread and intensified, irreparably dividing the known world. What started as a series of skirmishes has erupted into a full-blown crusade. Now that the Uraban leader, Soldan-Shah Omra, has captured the ruined city of Ishalem, his construction teams discover a priceless ancient map in an underground vault - a map that can guide brave explorers to the mysterious Key to Creation.

New York Times bestselling author Kevin J. Anderson triumphantly returns to epic fantasy with the Wake the Dragon series. Spine of the Dragon is a politically charged adventure of swords, sorcery, vengeance, and the rise of sleeping giants. Two continents at war, the Three Kingdoms and Ishara, are divided by past bloodshed. When an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generational hatreds and form an alliance to fight their true enemy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

After long voyages, encountering hurricanes and sea monsters, Criston Vora and Saan race to Terravite, the legendary promised land. Saan's quest is to find the Key to Creation, a weapon that may defeat Uraba's enemies, and Criston wants vengeance against the monstrous Leviathan that ruined his life long ago. Back home, two opposing continents and religions clash for the remnants of a sacred city, unleashing their hatred in a war that could end both civilizations. Queen Anjine and Soldan-Shah Omra are driven by mutual hatred, heaping atrocity upon atrocity in an escalating conflict that only their gods can end. Meanwhile, the secretive Saedrans manipulating both sides, come ever closer to their ultimate goal: to complete the Map of All Things and bring about the return of God.

What if the Martian invasion was not entirely the product of H.G. Wells's vivid imagination? What if Wells witnessed something that spurred him to write *The War of the Worlds* as a warning? From drafty London flats to the steamy Sahara, to the surface of the moon and beyond, *The Martian War* takes the reader on an exhilarating journey with Wells and his companions.

Co-author of the Dune sequels, Kevin J. Anderson's *Gods and Dragons* marks his triumphant return to epic fantasy, featuring a politically charged adventure of swords, sorcery, vengeance, and the awakening of sleeping giants. Two continents at war: the Three Kingdoms and Ishara have been in conflict for a thousand years. But when an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generations of hatred to form an alliance against a far more deadly enemy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Collected for the first time, these Dune novellas by bestselling authors Brian Herbert and Kevin J. Anderson shine a light upon the darker corners of the Dune universe. Spanning space and time, *Sands of Dune* is essential reading for any fan of the series. The world of Dune has shaped an entire generation of science fiction. From the sand blasted world of Arrakis, to the splendor of the imperial homeworld of Kaitain, readers have lived in a universe of treachery and wonder. Now, these stories expand on the Dune universe, telling of the lost years of Duneey Halleck as he works with smugglers on Arrakis in a deadly gambit for revenge; inside the ranks of the Sardaukar as the child of a betrayed nobleman becomes one of the Emperor's most ruthless fighters; a young firebrand Fremen woman, a guerrilla fighter against the ruthless Harkonnens, who will one day become Shadout Mapes. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"A darkly funny, wonderfully original detective tale."--Kelley Armstrong *Single Dead* *Detective Seeks Clue* *Ever* since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective—especially for zombie P.I. Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival." But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurking. Now he's back from the dead and back in business—with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question—Who killed him? For Dan Chambeaux, it's all in a day's work. (Still, does everybody have to call him "Shamble"?). Funny, fresh, and irresistible, this cadaverous caper puts the P.I. in R.I.P. . . .with a vengeance. "Wickedly funny, deviously twisted and enormously satisfying. This is a big juicy bite of zombie goodness. Two decaying thumbs up!"--Jonathan Maberry  
"Anderson has become the literary equivalent of Quentin Tarantino in the fantasy adventure genre."--The Daily Rotation "An unpredictable walk on the weird side. Prepare to be entertained." --Charlaine Harris
