What to the Slave Is the Fourth of July? (1852) is a novella by Frederick Douglass. Having escaped from slavery in the South at a young age, Frederick Douglass became a prominent orator and autobiographer who spearheaded the American abolitionist movement in the mid-nineteenth century. In this famous speech, published widely in pamphlet form after it was given to a meeting of the Rochester Ladies' Anti-Slavery Society on July 5th, 1852, Douglass exposes the hypocrisy of America's claim to Christian and democratic ideals in spite of its legacy of enslavement. Personal and political, Douglass' speech helped inspire the burgeoning abolitionist movement, which fought tirelessly for emancipation in the decades leading up to the American Civil War. "What have I, or those I represent, to do with your national independence? Are the great principles of political freedom and of natural justice,

embodied in that Declaration of Independence, extended to us?...What, to the American slave, is your 4th of July? I answer; a day that reveals to him, more than all other days in the year, the gross injustice and cruelty to which he is the constant victim." Drawing upon his own experiences as an escaped slave, Douglass offers a critique of American independence from the perspective of those who had never been free within its borders. Hopeful and courageous, Douglass' voice remains an essential part of our history, reminding us time and again who we are, who we have been, and what we can be as a nation. While much of his radical message has been smoothed over through the passage of time, its revolutionary truth continues to resonate today. With a beautifully designed cover and professionally typeset manuscript, this edition of Frederick Douglass' *What to the Slave Is the Fourth of July?* is a classic of African American literature reimagined for modern readers.

"Until the Rosetta Stone was finally translated and the decoding of hieroglyphic writing made possible, much of Egyptian history was lost. The author has done a masterful job of distilling information, citing the highlights, and fitting it all together in an interesting and enlightening look at a puzzling subject." —H. "The social and intellectual history here are fascinating. A handsome, inspiring book." —K. Notable Children's Books of 1991 (ALA) Notable 1990 Children's Trade Books in Social Studies (NCSS/CBC) Children's Books of 1990 (Library of Congress) 100 Books for Reading and Sharing (NY Public Library) Parenting Honorable Mention, Reading Magic Award

Perhaps fitting for a horror short story, the devil is in the details in Poe's "The Oval Portrait" (1842). A benighted traveller finds shelter in an abandoned mansion in the Apennine Mountains of Italy. Inside he gets absorbed by a stunning painting and decides to delve into its origins with the help from a book he finds on a pillow. The story revolves around the complex and often tragic relationship between life and art. As per usual Poe can't help himself to play with layers, and most of the story is told as an embedded narrative. The intense emotional and psychological depths of the narrator's infatuation with the portrait and the enticing volume that helps to shed a light on the painting make this short story another fascinating and haunting and Poesque tale which succinctly glorifies the immortality of art. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Frankenstein; or, The Modern Prometheus is a novel written by the British author Mary Shelley. The first edition was published anonymously in London in 1818, and Shelley's name appeared on the revised third edition, published in 1831. The title of the novel refers to the scientist, Victor Frankenstein, who learns how to create life and creates a being in the likeness of man, but larger than average and more powerful. In modern popular culture, people have tended to refer to the Creature as "Frankenstein" (especially in films since 1931), despite this being the name of the scientist, and the creature being unnamed in the book itself. *Frankenstein* is a novel infused with elements of the Gothic novel and the Romantic movement. It was also a warning against the "over-reaching" of modern man and the Industrial Revolution, alluded to in the novel's subtitle, *The Modern Prometheus*. The story has had an

influence across literature and popular culture and spawned a complete genre of horror stories and films. It is arguably considered the first fully-realised science fiction novel and raises many issues still relevant to today's society.

From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (*The Telegraph*). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —*Criterion*

Now we have little left but stories of our fathers. They, too, will soon be lost and forgotten, but a voice has come to speak for us. Yeh sen noh wehs—the one who tells the stories—will carry these stories of our fathers to Paleface. She will help White man to understand Indian, Indian to be understood. She will have all men brothers. Indian's heart is glad that Yeh sen noh wehs, our white friend, has come to us. She have good eyes. She see right. She like things Indian. She try to preserve them. Our old men and women tell her the stories told them, many, many moons ago, when little children.

Reproduction of the original: *The Iroquois Book of Rites* by Horatio Hale

An authoritative, continually updated bestseller for over sixty years, *PERRINES LITERATURE: STRUCTURE, SOUND, AND SENSE*, 13e provides the most effective introduction to literature for a new generation of learners. Written for students beginning a serious study of literature, the text introduces the fundamental elements of fiction, poetry, and drama in a concise and engaging way, addressing vital questions that other texts ignore, such as “Is some literature better?” and “How can it be evaluated?” A rich and diverse selection of classic, modern, and contemporary readings brings the elements of literature to life and is updated with new stories, poems, and plays by some of the finest authors of any era. In addition, the thirteenth edition reflects the most recently published MLA guide (8th edition, 2016).
