The Breakfast Club meets We Need to Talk About Kevin A lockdown catches five grade 12 students by surprise and throws them together in the only unlocked room on that empty third floor wing: the boys' washroom. They sit in silence, judging each other by what they see, by the stories they've heard over the years. Stuck here with them--could anything be worse? There's Alice: an introverted writer, trapped in the role of big sister to her older autistic brother, Noah. Isabelle: the popular, high-achieving, student council president, whose greatest performance is her everyday life. Hogan: an ex-football player with a troubled past and a hopeless future. Xander: that socially awkward guy hiding behind the camera, whose candid pictures of school life, especially those of Isabelle, have brought him more trouble than answers. Told in five unique voices through prose, poetry, text messages, journals, and homework assignments, each student reveals pieces of their true story as they wait for the drill to end. But this modern-day Breakfast Club takes a twist when Isabelle gets a text that changes everything: NOT A DRILL!! Shooter in the school! Suddenly, the bathroom doesn't seem so safe anymore. Especially when they learn that one of them knows more about the shooter than they realized...

On the way, he encounters many foes, all intent on draining the sea of all its storytelling powers.

"Like *A Wrinkle in Time* (Miranda's favorite book), *When You Reach Me* far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" --The Washington Post This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." --People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." --The Wall Street Journal "Lovely and almost impossibly clever." --The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read *L'Engle's*, and spending hours pondering the provocative questions it raises." --Publishers Weekly, Starred review

On her first voyage as a stewardess aboard the *Empress of Ireland*, Ellie is drawn to the solitary fire stoker who stands by the ship's rail late at night, often writing in a journal. Jim. Ellie finds it hard to think of his name now. After their wonderful time in Quebec City, that awful night happened. The screams, the bodies, the frigid waters ... she tries hard to tell herself that he survived, but it's hard to believe when so many didn't. So when Wyatt Steele, journalist at The New York Times asks her for her story, Ellie refuses. But when he shows her Jim's journal, she jumps at the chance to be able to read it herself, to find some trace of the man she had fallen in love with, or perhaps a clue to what happened to him. There's only one catch: she will have to tell her story to Steele and he'll "pay" her by giving her the journal, one page at a time.
