John Bolton, President Donald Trump's former National Security Adviser, had a heated exchange with Newsnight's Emily Maitlis. She asked why he did not testify at the president's impeachment trial ...

The purpose of this book is to give an overview of the role played in the relations between nations, throughout history, by translators and interpreters, but especially interpreters. The author has tried to paint a general view of the world in which the political linguist functions, and has

functioned, throughout history. This book thus fills a gap left by political historians, who seldom ask themselves in what language the political negotiations they describe were conducted. Nor do they wonder what effect, for good or ill, the level of competence and the personal interests of the interpreter may have had.

The new edition of Practicing French Grammar offers a set of varied and accessible exercises for developing a deep practical awareness of French as it is spoken and written today. It can be used alone or as the ideal companion to the new edition of the widely acclaimed French Grammar and Usage by Roger Hawkins and Richard Towell. The new edition benefits from the addition of a glossary of grammatical terms and a variety of new and updated exercises designed to stimulate even the most grammar-shy student. Lively, authentic texts and activities, as well as jokes and cartoons, help students to expand their vocabulary, and their ability to speak French. Practicing French Grammar provides summaries of key grammatical points at the beginning of each exercise, as well as model answers to the exercises and translations of difficult words making it ideal for use both in class and by independent learners.

This book takes contrast, an issue that has been central to phonological theory since Saussure, as its central theme, making explicit its importance to phonological theory, perception, and acquisition. The volume brings together a number of different contemporary approaches to the theory of contrast, including chapters set within more abstract representation-based theories, as well as chapters that focus on functional phonetic theories and perceptual constraints. This book will be of interest to phonologists, phoneticians, psycholinguists, researchers in first and second language acquisition, and cognitive scientists interested in current thinking on this exciting topic.

Exam Board: Edexcel Level: AS/A-level Subject: French First Teaching: September 2016 First Exam: June 2017 Endorsed for the Edexcel A Level specification from 2016. Develop all four language skills with a single textbook that has clear progression from GCSE and throughout the new A Level. - Clear progression through four stages of learning: transition, AS, A-level and extension - Develops language skills through reading, listening, speaking and writing tasks, plus translation and research practice - Exposes students to authentic topical stimulus and film and literature tasters for every work - Equips students with the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on the new individual research project and essay-writing - Builds grammar skills with exercises throughout and a detailed grammar reference section Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the Edexcel endorsement process.

Liberte is a French language textbook for first-year college students. Please note that an instructor guide is included as a downloadable attachment.
