Through studying environmental systems and societies (ES&S) students will be provided with a coherent perspective of the interrelationships between environmental systems and societies; one that enables them to adopt an informed personal response to the wide range of pressing environmental issues that they will inevitably come to face. The teaching approach is such that students are allowed to evaluate the scientific, ethical and socio-political aspects of issues.

sense that it has inputs (for example, education, cultural influences, religious doctrine, media) and outputs (for example, decisions, perspectives, courses of action) determined by processing these inputs.

~~ESS Topic 1.1: Environmental Value Systems – AMAZING WORLD ...~~

Environmental Systems and Societies (ESS) is a college-level introduction to ecology, which overlaps significantly with the IB Geography syllabus. It is science applied to ideas presented in geography, economics, and TOK.

~~IB ESS | MrKremerScience.com~~

IA Overview. The most important aspect of the environmental systems and societies course is hands-on work in the laboratory and/or out in the field. The syllabus not only directly requires the use of field techniques, but many components can only be covered effectively through this approach. Practical work in this subject is an opportunity to gain and develop skills and techniques beyond the requirements of the assessment model and should be fully integrated with the teaching of the course.

~~Environmental Systems And Societies Asses | Mysite~~

Environmental Systems and Societies (ESS) ESS is offered only at standard level (SL). As an interdisciplinary course, ESS can count as either a Group 3 or a Group 4 course.

Although the ESS course requires the study of environmental systems and societies at a range of scales, from local to global, the teaching of the course should be firmly grounded in the local environment. The syllabus contains many references to “ local examples ” , and fieldwork may be based on local ecosystems.

"Cambridge resources for the IB diploma"--p. [4] cover.

Equip your learners with the skills central to success. Enabling you to build, extend and perfect the skills crucial to achievement, this text strengthens performance in all areas of assessment.
