And Zwingli's wife is a helpmeet to him. The women of the Reformed Church have been an important element in her history. Just as Deborah and Esther, with the

Nurturing Intimate Communication with Your Spouse

Modern religious identities are rooted in collective memories that are constantly made and remade across generations. How do these mutations of memory distort our picture of historical change and the ways that historical actors perceive it? Can one give voice to those whom history has forgotten? The essays collected here examine the formation of religious identities during the Reformation in Germany through case studies of remembering and forgetting—instances in which patterns and practices of religious plurality were excised from historical memory.
